

HOSPITAL REGISTRARS AND CANCER REPORTERS WEBINARS

Abstracting Cancer Incidence and Treatment Data Hospital Tumor Reporting Webinar Series

The Minnesota Cancer Surveillance System (MCSS) is sponsoring a series of FREE webinars for Hospital Registrars and Cancer Reporters beginning in October 2008. These web seminars (webinars) for cancer data collectors are presented by The North American Association of Central Cancer Registries (NAACCR). They will be offered in 3 locations simultaneously (see below for location information). A webinar includes a presentation by an instructor with an audio portion and a visual portion (computer through the internet).

COURSE DESCRIPTIONS

Each webinar will address cancer data collection for a specific site and will include information on anatomy, multiple primary and histology coding rules, collaborative staging, and treatment data items as required by the American College of Surgeons (ACoS) Commission on Cancer (CoC). Didactic exercises will be completed and answers with rationale will be presented. There will also be a question and answer session.

SCHEDULE

Please call or email the contact person to register.

Please check back on this web site frequently for more location info and to verify the site info before attending, in the event of any last minute changes.
