- This information is also available by language and by keyword.

### Disclaimer:

The Minnesota Department of Health has compiled this resource guide as a service to healthcare providers and the public in Minnesota. Although the Minnesota Department of Health has not thoroughly reviewed each resource, only nationally recognized organizations have been included. The Minnesota Department of Health strongly advises healthcare providers to review each resource before using it.

This resource guide is not intended to provide individual medical advice. The Minnesota Department of Health urges you to consult with a qualified health care provider for diagnosis and answers to your personal health questions.

## ***Titles of New Resources:***

- I Have Been Exposed to Tuberculosis (TB): What Do I Do Now?
- Questions and Answers About TB 2009
- TB Awareness and Treatment: ECHO-TV
- Tuberculosis Facts - Exposure to TB
- Tuberculosis Facts - TB Can be Treated
- Tuberculosis Facts - Testing for TB
- Tuberculosis Facts - You Can Prevent TB
- Tuberculosis: General Information
- What Do I Need to Know About Active TB Disease?
- What Do I Need to Know About Latent Tuberculosis Infection?
- What is Tuberculosis?
- What You Need to Know About Tuberculosis

# A – I

***A New, Better Test for Tuberculosis (TB) Infection*** (2007)

**Format:** Fact sheet

**How to access:** View online/print

**Author:** NYC

**Keyword(s):** Blood tests for TB (Interferon-Gamma Release Assay or IGRA)

**Languages:** English

***Active TB Disease*** (2005)

**Format:** Fact sheet

**How to access:** View online/print

**Author:** MDH
