

Tuberculosis (TB) Resources for Patients and the Public

Listed by Language

Current as of March 15, 2010

Disclaimer:

The Minnesota Department of Health has compiled this resource guide as a service to health care providers and the public in Minnesota. Although the Minnesota Department of Health has not thoroughly reviewed each resource, only nationally recognized organizations have been included. The Minnesota Department of Health strongly advises health care providers to review each resource before using it.

This resource guide is not intended to provide individual medical advice. The Minnesota Department of Health urges you to consult with a qualified health care provider for diagnosis and answers to your personal health questions.
