

International travel health facilities serving Minnesota residents

The International Travel Health Facilities listed below are authorized to administer yellow fever vaccine. They also provide a variety of other pre- and post-travel services to travelers. Most travel facilities require an appointment and may require you to see a health care provider. **ALWAYS call first.**

Where can I get travel immunization information? The Minnesota Department of Health does not provide travel health consultation or travel vaccines. Use one of these Centers for Disease Control and Prevention resources to learn about travel vaccines and other travel health issues: CDC's travel web site (www.cdc.gov/travel). If you have insurance, call your health plan's member services office to see if you are covered for your travel vaccines.
