

## **Five Reasons I Wear Glasses**

1. Because,  
I had to, as a child,  
I choose to and can as an adult,  
and because glasses make many differences to me in this culture we share.
2. Glasses provide me with comfort and safety.
3. Glasses make part of my fashion statement.
4. Glasses open doors for conversations.
5. Glasses establish social barriers which can be negotiated.
