

Public Health Nurse Consultants

EFFECTIVE MAY 2018

See reverse for PHNC assignments and contact information.

Public Health Nurse Consultants

EFFECTIVE MAY 2018

What are Public Health Nurse Consultants? Public Health Nurse Consultants, members of the MDH Center for Public Health Practice, offer consultation and technical assistance in a defined geographic area for the purpose of promoting and maintaining a strong public health infrastructure. This is accomplished through supportive relationships with local public health, communication, problem solving, training, program development and advocacy.
