MEDICA®

Bronze Sponsors

Minnesota e-Health Summit 2006

Audience

Minnesota e-Health Summit 2006 is intended for anyone working on local or regional health information exchange, including professionals working in clinics, hospitals, long-term care, public health, health systems, managed care and information systems, along with others interested in emerging Health Information Technology (HIT).

Summit Objective

The purpose of the Summit is to showcase how national and Minnesota e-Health initiatives are working to effectively empower consumers, inform and connect clinicians, and protect communities. The Pre-Summit Workshop will lead participants through practical methods to determine their next steps for implementing electronic health records in their setting.

Continuing Medical Education Credits

Accreditation Status

Stratis Health is accredited by the Minnesota Medical Association to provide continuing medical education for physicians.

Physicians: Stratis Health designates the pre-Summit Workshop for a maximum of 4 AMA PRA Category 1 Credits™ and the Summit for 6.25 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

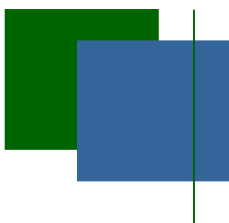

Nurses: The pre-Summit Workshop has been designed to provide 4.8 contact hours and the Summit 7.4 contact hours and meets the Minnesota Board of Nursing requirements for CEUs.

Nursing Home Administrators: Stratis Health has applied for continuing education approval for nursing home administrators.

1:00 – 2:20 p.m. Breakout Session 1

Session A – EHR Implementation: Lessons Learned

Get the inside story about three EHR implementations that are evolving to fill information requirements in long term care, family practice, and pediatric settings.

Session B – Clinical Information Exchange: A National Framework and Minnesota Projects

Several health information exchange projects in Minnesota will share their progress, challenges and successes as well as illustrate how the Common Framework can assist new and existing projects.

Session C – Addressing Patient Privacy Benefits and Concerns in an e-Health Environment

Learn about essential consumer privacy principles from the Connection For Health Common Framework and how these principles can help health information exchange in Minnesota.

2:20 – 2:40 p.m. Break/Project Showcase/Vendor Expo

2:40 – 4:00 p.m. Breakout Session 2

Session D – EHR Integration Within Settings: Decisions Made

Big bang or incremental? Single vendor or best of breed? Gain insights from two different approaches to EHR integration within health systems.

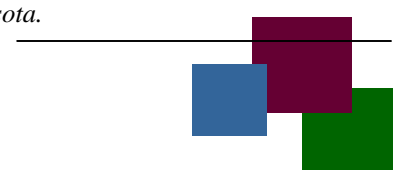

Session E – Clinical Information Exchange: Standards and Technical Challenges

What challenges do HIE projects around Minnesota face in regard to standards and technology? Several projects will share their stories.

Session F – The Value of Population and Public Health in e-Health

Learn how population/public health data can inform clinical practice and health policy.

4:00 – 6:00 p.m. **Minnesota Project Showcase and Vendor Expo**
