

The Minnesota Department of Health and
Minnesota e-Health Initiative present

Minnesota e-Health Summit 2008

From Vision to Action

Thursday, June 26, 2008, 8:15 a.m. – 4:30 p.m.
The Northland Inn - Brooklyn Park, Minnesota

Pre-Summit Workshop: Wednesday, June 25, 2008, 1:00 – 7:00 p.m.
Demystifying the EHR Planning & Selection Process

The Summit co-sponsors thank the following organizations for their support of this program:

Platinum Sponsor

Gold Sponsor

Silver Sponsors

Bronze Sponsors

Audience

Minnesota e-Health Summit 2008 is intended for anyone planning or implementing health information technology and for anyone working on community or regional health information exchange. The content is relevant for professionals working in clinics, hospitals, long term care, public health, health systems, managed care, and information systems.

Summit Objective

The purpose of the Summit is to showcase how national and Minnesota e-Health initiatives are working to empower consumers, inform and connect clinicians, and protect communities. The Summit will advance the effort to meet the mandate to achieve interoperable electronic health records (EHRs) by 2015.

The Pre-Summit Workshop will give participants knowledge and skills relevant to planning for an interoperable EHR. In addition, participants will learn about resources and services available to assist in planning an EHR strategy for their organization.

Continuing Medical Education Credits

Accreditation Status

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Minnesota Medical Association (MMA) through the joint sponsorship of Stratis Health and the Minnesota e-Health Initiative. Stratis Health is accredited by the MMA to provide continuing medical education for physicians.

Physicians: Stratis Health designates the Pre-Summit Workshop for a maximum of 3.5 *AMA PRA Category 1 Credits™* and the Summit for 6.25 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Nurses: The Pre-Summit Workshop has been designed to provide 4.2 contact hours and the Summit 7.5 contact hours and meets the Minnesota Board of Nursing requirements for CEUs.

Nursing Home Administrators: Stratis Health has applied for continuing education approval for nursing home administrators.

Pre-Summit Workshop - Wednesday, June 25, 2008, 1:00 – 7:00 p.m.

11:30 a.m. – 1:00 p.m. Registration/Lunch

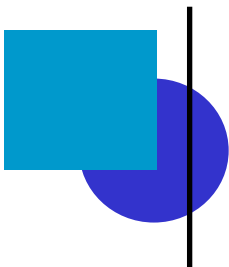

1:00 – 7:00 p.m.

Demystifying the EHR Planning & Selection Process

Discover the benefits of having a well-planned EHR strategy. Hear real examples of how proper planning can lead to positive outcomes for an organization. Learn how to maximize the value of a vendor demonstration. See examples of resources and services available to assist in planning and adopting an interoperable EHR.

Who should attend? Representatives from clinics, hospitals, long term care, and specialty practices as well as others thinking about implementing, upgrading or optimizing an EHR or those facing challenges with their current EHR strategy.

Faculty: Tom Arneson, MD, MPH, Medical Director, Chronic Disease Research Group, Minneapolis Medical Research Foundation; former Medical Director, EHR Planning and Implementation, Stratis Health

Minnesota e-Health Summit Agenda – Thursday, June 26, 2008

7:15 – 8:15 a.m. Registration/Continental Breakfast
Project Showcase/Vendor Expo

Reflections on Implementing the Plan

Panel members will discuss their organization's response to the recommendations in the plan and how the group can use the plan as they work toward meeting the mandate for interoperable EHRs by 2015.

11:45 a.m. – 12:45 p.m. **Lunch/Project Showcase/Vendor Expo**

12:45 – 2:15 p.m. Breakout Sessions

Adopt	Utilize	Exchange	Engage
Session 1 EHRs: Good Planning Equals Good Outcomes Hear examples of how proper planning is essential for achieving an effective transformation from paper to electronic health records.	Session 2 Improving Quality and Population Health Find out how effective use of EHR data can improve the quality of public/private health information exchange efforts.	Session 3 Implementing Health Information Exchange Learn about national activities around HIE and their implications for Minnesota. Explore policy and technical issues of HIE, and hear about progress in community HIE projects in Minnesota.	Session 4 Getting Your Board on Board Learn strategies needed to get your board, trustees, and other leadership to support the investment in health information technology. Hear lessons learned about how to keep leadership engaged in the process.

2:45 – 4:30 p.m. Breakout Sessions/Conclusion

Adopt	Utilize	Exchange	Exchange
Session 5 Preparing the Workforce for Health Information Transformation Hear strategies for retraining the current workforce and training future workers to prepare them to use technology and informatics to improve the delivery of care. Explore workplace culture changes related to EHR adoption.	Session 6 Optimizing the Use and Effectiveness of an EHR Three organizations share their experiences in implementing an EHR. Hear examples of how an EHR can support clinical decision making.	Session 7 Clinical Transactions and Minnesota e-Health Standards Discover the opportunities, challenges, and implementation issues related to standards and achieving interoperability. Discuss the proposed Minnesota e-Health Standards.	Session 8 Health Information Privacy and Confidentiality in an Electronic World Explore the issues surrounding patient privacy and confidentiality. Find out how to successfully implement current Minnesota privacy and confidentiality laws and when those laws supersede HIPAA.
