Audience

Minnesota e-Health Summit 2009 is intended for anyone planning for or implementing electronic health records (EHRs) and other health information technology (HIT), and for anyone working on exchange of health information. The content is relevant for professionals working in clinics, hospitals, long term care, public health, health systems, managed care, information systems, and other settings.

Summit Objective

The purpose of the Summit is to provide participants tools and resources to guide success in implementing EHRs and HIT in the current economic climate. Examples of national and Minnesota e-health activities will highlight the challenges faced and strategies used to overcome them. The Summit will advance the effort to meet the mandate to achieve interoperable EHRs by 2015 and optimize the incentives offered with the American Recovery and Reinvestment Act (ARRA) and other opportunities.

The Pre-Summit Workshop will focus on getting the most out of an EHR investment. Strategies for comprehensive planning, optimal utilization, and achieving maximum value will be shared. Information and resources about a variety of grants, loans, incentives, and reimbursements will be discussed.

Continuing Medical Education Credits

Accreditation Status

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Minnesota Medical Association (MMA) through the joint sponsorship of Stratis Health and the Minnesota e-Health Initiative. Stratis Health is accredited by the MMA to provide continuing medical education for physicians.

Physicians: Stratis Health designates the Pre-Summit Workshop for a maximum of 3.5 *AMA PRA Category 1 Credits™* and the Summit for 6.25 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Nurses: The Pre-Summit Workshop has been designed to provide 4.2 contact hours and the Summit 7.5 contact hours and meets the Minnesota Board of Nursing requirements for CEUs.

Nursing Home Administrators: Stratis Health has applied for continuing education approval for nursing home administrators.

Pharmacists: Stratis Health has applied for continuing education approval for pharmacists.

Pre-Summit Workshop - Wednesday, June 24, 2009, 1:00 – 5:00 p.m.

11:30 a.m. – 1:00 p.m. Registration/Lunch

1:00 – 5:00 p.m.

The Road to Effective Use of EHRs in Minnesota

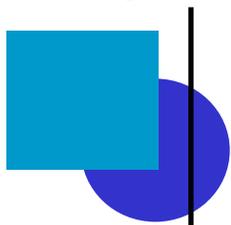

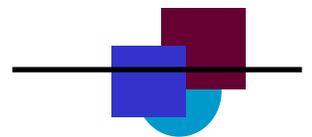

Discover how to optimize your EHR investment in order to achieve the best value and most effective use. Explore a broad spectrum of issues including organizational issues, clinical decision support, quality improvement and reporting, health status, and population health.

Who should attend? Representatives from clinics, hospitals, long term care, and other health care settings working on implementing, upgrading or optimizing an EHR as well as anyone interested in achieving meaningful use of their EHR.

Industry Expo

Meet with industry representatives to explore the products and resources available to aid in implementing a health information technology strategy.

5:00 – 7:00 p.m.

Minnesota e-Health Summit Agenda – Thursday, June 25, 2009

7:15 – 8:15 a.m. Registration/Continental Breakfast
Project Showcase/Vendor Expo

8:15 – 8:40 a.m. **Opening Remarks**
Sanne Magnan, MD, PhD; Minnesota Commissioner of Health

8:40 – 9:30 a.m. **Keynote Address: Advancing e-Health Through Recovery Act Opportunities**
Kelly Cronin, Director, Office of the National Coordinator of Health Information Technology

9:30 – 10:15 a.m. **Minnesota e-Health: Strategies for Success in Challenging Economic Times**
MN e-Health Advisory Committee Co-Chairs:
Jennifer P. Lundblad, MBA, PhD; President and Chief Executive Officer, Stratis Health
Walter Cooney, MA, Executive Director, Neighborhood Healthcare Network

10:15 – 10:45 a.m. **Break/Project Showcase/Vendor Expo**

10:45 – 12:00 p.m. **Successful Utilization of EHRs: How Can the ARRA Support Ongoing Efforts?**
A panel consisting of the morning keynote speaker, the Minnesota e-Health Advisory Committee Co-Chairs, and representatives of Minnesota health care provider organizations will discuss ARRA opportunities and how Minnesota organizations are advising their constituents to prepare for incentives and meet the mandate for interoperable EHRs by 2015.

12:00 p.m. – 1:00 p.m. **Lunch/Project Showcase/Vendor Expo**

1:00 – 2:30 p.m. Breakout Sessions

Adopt	Utilize	Exchange	Engage
Session 1 EHRs: Planning for Success Minnesota providers demonstrate how comprehensive planning is essential in making the transition to electronic health records. Learn how to position your organization to get the most out of ARRA funding and incentives.	Session 2 Implementing e-Prescribing to Improve Care and Save Money Find out what it takes to get started and hear examples from colleagues already using e-prescribing. Explore financial incentives offered by CMS.	Session 3 Connecting for Exchange: Minnesota Partners Learn about HIE developments and their impact in Minnesota. Discover how exchange of information will move an organization toward effective use of an EHR and help in accessing incentives.	Session 4 Using Your EHR to Improve Quality and Earn Incentives Find out which quality indicators are being used in Minnesota to improve care. Explore the array of incentives available to improve public/private HIE efforts. Learn how mandated reporting measures may impact health reform efforts.

2:30 – 3:00 p.m. **Break/Project Showcase/Vendor Expo**

3:00 – 4:30 p.m. Breakout Sessions/Conclusion

Adopt	Utilize	Exchange	Engage
Session 5 Connected Health Care Homes: Transforming Health Understand the health care home component of the Minnesota health reform initiative. Hear from clinics that have used their EHR to support evidence-based care, access to care, care coordination, quality measurement, and patient and family engagement.	Session 6 Using Decision Support to Improve Population Health Explore the framework of effective use of an EHR. Learn how clinical decision support can improve population health. Learn how public health and clinical care together can improve asthma and other health conditions.	Session 7 Using Standards to Achieve Interoperability and Drive Meaningful Use Discover the opportunities, challenges, and implementation issues related to electronic exchange of clinical health information between institutions, including immunization histories and clinical summaries.	Session 8 Explore Evolving Policy in HIT Privacy and Security Learn about the potential effects of the HITECH Act including breach notification, business associate agreements, and new rules and guidance. Discuss implications of the current privacy environment through a case study example.
