**KANABEC HOSPITAL**  
Exceeding Your Expectations.

## Stage 1- MU Gap Analysis

- Performed a MU Gap Analysis to determine:
  - Were we already meeting the standard?
  - Additional software needed?
  - Current software functionality implemented?

**KANABEC HOSPITAL**  
Exceeding Your Expectations.

## Gap Analysis Findings

- **We meet the following:**
  - CPOE for 10% of orders
  - Drug-drug, Drug-allergy & Drug-formulary checks
  - Maintain active med. list
  - Maintain active me
  - Record demographics
  - Record & chart changes in vitals, BMI calc. & display & growth chart display
  - Record & chart changes in vitals, BMI calc. & display & growth chart display
  - Record smoking status for pts. 13 & up
  - Generate lists of patients by condition
  - Check ins. eligibility electronically
  - Submit claims electronically
  - Perform med. rec. at relevant encounters

**KANABEC HOSPITAL**  
Exceeding Your Expectations.

## Current MU Challenges

- Maintain an up-to-date problem list of current and active diagnoses based on ICD-9-CM
- Report hospital quality measures to CMS or the states
- Implement 5 clinical decision support rules related to a high priority hospital condition, including diagnostic test ordering, along with the ability to track compliance with those rules.

**KANABEC HOSPITAL**  
Exceeding Your Expectations.

### Current MU Challenges Continued.....

- Provide patients with an electronic copy of their health information upon request.
- Provide patients with an electronic copy of their discharge instructions and procedures at time of discharge, upon request

**KANABEC HOSPITAL**  
*Exceeding Your Expectations.*

### Current MU Challenges Continued....

- Capability to exchange key clinical information, among providers of care and patient authorized entities electronically
- Provide summary care record for each transition of care and referral
- Capability to submit electronic data to immunization registries and actual submission where required and accepted.

**KANABEC HOSPITAL**  
*Exceeding Your Expectations.*

### Current MU Challenges Continued....

- Capability to provide electronic submission of reportable lab results (as required by state and local law) to public health agencies and actual submission where it can be received.
- Capability to provide electronic syndromic surveillance data to public health agencies and actual transmission according to applicable law and practice.
- Protect electronic health information created or maintained by the certified EHR technology through the implementation of appropriate technical capabilities.
