RE: CCN: 245518
Cycle Start Date: July 30, 2021

Dear Administrator:

On July 30, 2021, a survey was completed at your facility by the Minnesota Department of Health to determine if your facility was in compliance with Federal participation requirements for skilled nursing facilities and/or nursing facilities participating in the Medicare and/or Medicaid programs.

This survey found the most serious deficiencies in your facility to be isolated deficiencies that constituted immediate jeopardy (Level J), as evidenced by the electronically delivered CMS-2567, whereby corrections are not required.

The Statement of Deficiencies (CMS-2567) is being electronically delivered. Because corrective action were taken prior to the survey, past non-compliance does not require a plan of correction (POC).

REMOVAL OF IMMEDIATE JEOPARDY

On July 25, 2021 corrective action was taken and the situation of immediate jeopardy to potential health and safety cited at F760 was removed.

REMEDIES

As a result of the survey findings and in accordance with survey and certification memo 16-31-NH, this Department recommended the enforcement remedy listed below to the CMS Region V Office for imposition: You will receive a formal notice from the CMS RO only if CMS agrees with our recommendation.

- Civil money penalty, (42 CFR 488.430 through 488.444).

SUBSTANDARD QUALITY OF CARE (SQC)

SQC was identified at your facility. Sections 1819(g)(5)(C) and § 1919(g)(5)(C) of the Social Security Act and 42 CFR 488.325(h) requires that the attending physician of each resident who was found to have received substandard quality of care, as well as the State board responsible for licensing the facility's administrator, be notified of the substandard quality of care. **If you have not already provided the**

following information, you are required to provide to this agency within ten working days of your receipt of this letter the name and address of the attending physician of each resident found to have received substandard quality of care.

Please note that, in accordance with 42 CFR 488.325(g), your failure to provide this information timely will result in termination of participation in the Medicare and/or Medicaid program(s) or imposition of alternative remedies.

Federal law, as specified in the Act at § 1819(f)(2)(B) and § 1919(f)(2)(B), prohibits approval of nurse assistant training programs offered by, or in, a facility which, within the previous two years, has been subject to an extended or partial extended survey as a result of a finding of substandard quality of care. Therefore, St Therese Home is prohibited from offering or conducting a Nurse Assistant Training / Competency Evaluation Programs (NATCEP) or Competency Evaluation Programs for two years effective July 30, 2021. This prohibition remains in effect for the specified period even though substantial compliance is attained. Under Public Law 105-15 (H. R. 968), you may request a waiver of this prohibition if certain criteria are met. Please contact the Nursing Assistant Registry at (800) 397-6124 for specific information regarding a waiver for these programs from this Department.

Dear Administrator:

The above facility survey was completed on July 30, 2021 for the purpose of assessing compliance with Minnesota Department of Health Nursing Home Rules. At the time of the survey, the survey team from the Minnesota Department of Health - Health Regulation Division noted no violations of these rules promulgated under Minnesota Stat. section 144.653 and/or Minnesota Stat. Electronically posted is the Minnesota Department of Health order form stating that no violations were noted at the time of this survey. The Minnesota Department of Health is documenting the State Licensing Correction Orders using federal software. Please disregard the heading of the fourth column which states, "Provider's Plan of Correction." This applies to Federal deficiencies only. There is no requirement to submit a Plan of Correction.
