

STATE LICENSING COMPLIANCE REPORT

Report #: HL007885060C

Date Concluded: October 12, 2022

Name, Address, and County of Facility

Investigated:

MN Veterans Homes Hastings
1200 East 18th Street
Hastings, MN 55033
Dakota County

Facility Type: Boarding Care Home

Evaluator's Name: Angela Vatalaro, RN
Special Investigator

The Minnesota Department of Health conducted a complaint investigation to determine compliance with state laws and rules governing the provision of care under Minnesota Statutes, Chapter 144A and Minnesota Rules Chapter 4655. The purpose of this complaint investigation was to review if facility policies and practices comply with applicable laws and rules. No maltreatment under Minnesota Statutes, Chapter 626 was alleged.

{3 000}	<p>INITIAL COMMENTS</p> <p>*****ATTENTION*****</p> <p>BOARDING CARE HOME LICENSING CORRECTION ORDER</p> <p>In accordance with Minnesota Statute, section 144A.10, this correction order has been issued pursuant to a survey. If, upon reinspection, it is found that the deficiency or deficiencies cited herein are not corrected, a fine for each violation not corrected shall be assessed in accordance with a schedule of fines promulgated by rule of the Minnesota Department of Health.</p> <p>Determination of whether a violation has been corrected requires compliance with all requirements of the rule provided at the tag number and MN Rule number indicated below. When a rule contains several items, failure to comply with any of the items will be considered lack of compliance. Lack of compliance upon re-inspection with any item of multi-part rule will result in the assessment of a fine even if the item that was violated during the initial inspection was corrected.</p> <p>You may request a hearing on any assessments that may result from non-compliance with these orders provided that a written request is made to the Department within 15 days of receipt of a notice of assessment for non-compliance.</p> <p>INITIAL COMMENTS: On October 19, 2022, the Minnesota Department of Health conducted a licensing order follow-up related to correction orders issued for complaint #HL007885060C.</p> <p>The following correction order is re-issued for</p>	{3 000}	<p>The Minnesota Department of Health documents the State Licensing Correction Orders using federal software. The same day, Employee-D tested positive for COVID-19 at work at the madatory antigen testing.</p> <p>Employee-G: Employee-G's symptom onset was September 4, 2022, included cough, runny nose, sore throat and mild fever. On September 5, 2022, employee-G indicated symptoms worsened. On September 6, 2022, employee-G called in sick. On September 7, 2022, employee-G worked but left later in afternoon due to cough and fatigue. On September 8, 2022, employee-G worked with symptoms of cough, cold-like symptoms and runny nose. Employee-G attended a staff meeting but tried to distance self from others. On September 8, 2022, employee-G asked to leave work and get a COVID-19 test. Unknown date: employee-G tested positive for COVID-19.</p> <p>Employee-G had a 2nd COVID-19 symptom onset on October 17, 2022, included nausea, vomiting and congestion. The same day, employee-G did not participate in the facility wide testing. On October 18, 2022, employee-G was advised to see another COVID-19 test in the community.</p> <p>Employee H: Employee-H symptom onset was September 5, 2022, included congestion and headache. On September 6, 2022, employee-H worked. The same day, employee-H tested positive for COVID-19 at the facility mandatory COVID-19 antigen testing. Employee H indicated it was hard to distance self from other co-workers while working with symptoms.</p> <p>Employee I:</p>	{3 945}

{3 945}	<p>Continued From page 13</p> <p>performed direct cares for residents. AD-A stated the facility had no regulatory authority to mandate staff wore N-95 masks and full personal protective equipment while working in the COVID-19 designated buildings.</p> <p>On October 20, 2022, at 12:04 p.m., AD-A stated the employees did not report their COVID-19 symptoms to the COVID-19 symptom screeners when they entered the facility to work their shift. AD-A stated all staff received annual infection control training, including COVID-19.</p> <p>The licensee policy titled COVID-19 Awareness and Illness Preparedness Policy, updated March 31, 2022, indicated an employee who developed COVID-19 symptoms regardless of their work location, must leave the workplace as soon as possible. Employees must follow the guidelines and protocols to keep themselves and others safe to reduce the potential transmission of COVID-19.</p> <p>PERSONAL PROTECTIVE EQUIPMENT (PPE) The licensee failed to require use of N95 masks and implement transmission precautions with proper PPE usage for staff working with residents with confirmed or suspected COVID-19.</p> <p>The CDC website for COVID-19, page titled: Interim Infection Prevention and Control Recommendations for HCP During the COVID-19 Pandemic, updated Sept. 23, 2022, indicated HCP who enter the room of a patient with suspected or confirmed SARS-CoV-2 infection should adhere to Standard Precautions and use a NIOSH-approved particulate respirator with N95 filters or higher, gown, gloves, and eye protection (i.e., goggles or a face shield that covers the front and sides of the face).</p>	{3 945}

{3 945}	<p>Continued From page 14</p> <p>On October 19, 2022, at 10:00 a.m., the state surveyors entered the facility. Staff lacked wearing N95 masks, gowns, and eye protection while working in the buidling, designated as a COVID unit.</p> <p>The licensee provided list of COVID-19 positive residents indicated 60 residents tested positive for COVID from October 3 through October 12, 2022. The resident census was 111. AD-A reported, 8 positve new residents were identified with testing on Monday, October 17, 2022.</p> <p>During an interview on October 19, 2022 at 10:30 a.m., AD-A stated all buildings (building 23, building 24, and building 25) were designated as a COVID unit. Additionally, AD-A stated the licensee could not require staff to wear N95 masks unless they were providing direct care, but everyone had the option to wear one. The licensee provided PPE and COVID education, and again offered N95s and fit testing.</p> <p>DISINFECTION The licensee failed to disinfect communal restrooms and shower rooms in between resident use.</p> <p>The CDC webpage titled, Interim Guidance for Managing Healthcare Personnel with SARS-CoV-2 Infection or Exposure to SARS-CoV-2, updated September 23, 2022, indicated under section titled, Environmental Infection Control, all non-dedicated, non-disposable medical equipment used for that patient should be cleaned and disinfected according to manufacturer's instructions and facility policies before use on another patient. Disinfectants used should be EPA-registered</p>	{3 945}

These housing units utilized dormitory-style living, in which residents had their own rooms but utilized communal restrooms and shower rooms.</p> <p>During an interview and facility tour on October 19, 2022 at 10:30 a.m., AD-A stated the licensee did not have a way to completely separate the residents.</p> <p>During an interview and facility tour on October 19, 2022 at 10:55 a.m., AD-A stated the licensee increased cleaning in the bathrooms and showers. During this same interview, AD-A stated the shower rooms, which had two stalls per room, were cleaned at least daily. While on floor three (3) in Building 23, AD-A stated the tub room remained locked. A resident who required a tub bath would arrange a time with a nurse. The nurse unlocked the tub room for the scheduled tub bath and cleaned it afterward.</p> <p>During an interview on October 19, 2022 at 12:06 p.m., building services foreman-(BS)-F stated staff cleaned and disinfected the bathrooms and shower rooms once per day. The cleaning and disinfecting processes did not necessarily occur consecutively and may have occurred hours apart. BS-F stated on a particular floor, twelve to thirteen residents shared two shower stalls, but every floor is different.</p> <p>During an interview on October 20, 2022 at 12:04 p.m., AD-A stated in general, half of every floor had one restroom and one shower room. Most shower rooms had two stalls, and each restroom had three to four toilet stalls. In building 23, 75</p>	{3 945}
