

CHAPTER 358—S.F.No. 3780

An act relating to health care; establishing a statewide health improvement program; establishing health care homes and reporting requirements; establishing a care coordination payment; requiring a workforce shortage study; establishing requirements for interoperable health records; establishing electronic prescription drug program; requiring recommendations for an essential benefit set for health benefits; providing for health care payment restructuring; requiring uniform standards; establishing a health care reform review council; establishing Section 125 Plan; providing for fees; requiring reports; authorizing rulemaking; appropriating money; amending Minnesota Statutes 2006, sections 256.01, by adding a subdivision; 256L.06, subdivision 3; Minnesota Statutes 2007 Supplement, sections 43A.23, subdivision 1; 62J.495, by adding a subdivision; 256.962, subdivisions 5, 6; 256B.057, subdivision 2c, as amended; 256L.04, subdivisions 1, 7; 256L.05, subdivision 3a; 256L.07, subdivision 1; 256L.15, subdivision 2; proposing coding for new law in Minnesota Statutes, chapters 62J; 124D; 145; 256B; proposing coding for new law as Minnesota Statutes, chapter 62U; repealing Minnesota Statutes 2006, section 256L.15, subdivision 3.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

ARTICLE 1

PUBLIC HEALTH

Section 1. [145.986] STATEWIDE HEALTH IMPROVEMENT PROGRAM.

Subdivision 1. **Grants to local communities.** (a) Beginning July 1, 2009, the commissioner of health shall award competitive grants to community health boards established pursuant to section 145A.09 and tribal governments to convene, coordinate, and implement evidence-based strategies targeted at reducing the percentage of Minnesotans who are obese or overweight and to reduce the use of tobacco.

(b) Grantee activities shall:

(1) be based on scientific evidence;

(2) be based on community input;

(3) address behavior change at the individual, community, and systems levels;

(4) occur in community, school, worksite, and health care settings; and

(5) be focused on policy, systems, and environmental changes that support healthy behaviors.

(c) To receive a grant under this section, community health boards and tribal governments must submit proposals to the commissioner. A local match of ten percent

of the total funding allocation is required. This local match may include funds donated by community partners.

(d) In order to receive a grant, community health boards and tribal governments must submit a health improvement plan to the commissioner of health for approval. The commissioner may require the plan to identify a community leadership team, community partners, and a community action plan that includes an assessment of area strengths and needs, proposed action strategies, technical assistance needs, and a staffing plan.

(e) The grant recipient must implement the health improvement plan, evaluate the effectiveness of the interventions, and modify or discontinue interventions found to be ineffective.

(f) By January 15, 2011, the commissioner of health shall recommend whether any funding should be distributed to community health boards and tribal governments based on health disparities demonstrated in the populations served.

(g) Grant recipients shall report their activities and their progress toward the outcomes established under subdivision 2 to the commissioner in a format and at a time specified by the commissioner.

(h) All grant recipients shall be held accountable for making progress toward the measurable outcomes established in subdivision 2. The commissioner shall require a corrective action plan and may reduce the funding level of grant recipients that do not make adequate progress toward the measurable outcomes.

Subd. 2. **Outcomes.** (a) The commissioner shall set measurable outcomes to meet the goals specified in subdivision 1, and annually review the progress of grant recipients in meeting the outcomes.

(b) The commissioner shall measure current public health status, using existing measures and data collection systems when available, to determine baseline data against which progress shall be monitored.

Subd. 3. **Technical assistance and oversight.** The commissioner shall provide content expertise, technical expertise, and training to grant recipients and advice on evidence-based strategies, including those based on populations and types of communities served. The commissioner shall ensure that the statewide health improvement program meets the outcomes established under subdivision 2 by conducting a comprehensive statewide evaluation and assisting grant recipients to modify or discontinue interventions found to be ineffective.

Subd. 4. **Evaluation.** Using the outcome measures established in subdivision 3, the commissioner shall conduct a biennial evaluation of the statewide health improvement program funded under this section. Grant recipients shall cooperate with the commissioner in the evaluation and provide the commissioner with the information necessary to conduct the evaluation.

Subd. 5. **Report.** The commissioner shall submit a biennial report to the legislature on the statewide health improvement program funded under this section. These reports must include information on grant recipients, activities that were conducted using grant funds, evaluation data, and outcome measures, if available. In addition, the commissioner shall provide recommendations on future areas of focus for health improvement. These reports are due by January 15 of every other year, beginning in 2010. In the report due on January 15, 2010, the commissioner shall include recommendations on a sustainable

funding source for the statewide health improvement program other than the health care access fund.

Subd. 6. **Supplantation of existing funds.** Community health boards and tribal governments must use funds received under this section to develop new programs, expand current programs that work to reduce the percentage of Minnesotans who are obese or overweight or who use tobacco, or replace discontinued state or federal funds previously used to reduce the percentage of Minnesotans who are obese or overweight or who use tobacco. Funds must not be used to supplant current state or local funding to community health boards or tribal governments used to reduce the percentage of Minnesotans who are obese or overweight or to reduce tobacco use.

ARTICLE 2

HEALTH CARE HOMES

Section 1. [256B.0751] HEALTH CARE HOMES.

Subdivision 1. **Definitions.** (a) For purposes of sections 256B.0751 to 256B.0753, the following definitions apply.

(b) "Commissioner" means the commissioner of human services.

(c) "Commissioners" means the commissioner of humans services and the commissioner of health, acting jointly.

(d) "Health plan company" has the meaning provided in section 62Q.01, subdivision 4.

(e) "Personal clinician" means a physician licensed under chapter 147, a physician assistant registered and practicing under chapter 147A, or an advanced practice nurse licensed and registered to practice under chapter 148.

(f) "State health care program" means the medical assistance, MinnesotaCare, and general assistance medical care programs.

Subd. 2. **Development and implementation of standards.** (a) By July 1, 2009, the commissioners of health and human services shall develop and implement standards of certification for health care homes for state health care programs. In developing these standards, the commissioners shall consider existing standards developed by national independent accrediting and medical home organizations. The standards developed by the commissioners must meet the following criteria:

(1) emphasize, enhance, and encourage the use of primary care, and include the use of primary care physicians, advanced practice nurses, and physician assistants as personal clinicians;

(2) focus on delivering high-quality, efficient, and effective health care services;

(3) encourage patient-centered care, including active participation by the patient and family or a legal guardian, or a health care agent as defined in chapter 145C, as appropriate in decision making and care plan development, and providing care that is appropriate to the patient's race, ethnicity, and language;

(4) provide patients with a consistent, ongoing contact with a personal clinician or team of clinical professionals to ensure continuous and appropriate care for the patient's condition;

(5) ensure that health care homes develop and maintain appropriate comprehensive care plans for their patients with complex or chronic conditions, including an assessment of health risks and chronic conditions;

(6) enable and encourage utilization of a range of qualified health care professionals, including dedicated care coordinators, in a manner that enables providers to practice to the fullest extent of their license;

(7) focus initially on patients who have or are at risk of developing chronic health conditions;

(8) incorporate measures of quality, resource use, cost of care, and patient experience;

(9) ensure the use of health information technology and systematic follow-up, including the use of patient registries; and

(10) encourage the use of scientifically based health care, patient decision-making aids that provide patients with information about treatment options and their associated benefits, risks, costs, and comparative outcomes, and other clinical decision support tools.

(b) In developing these standards, the commissioners shall consult with national and local organizations working on health care home models, physicians, relevant state agencies, health plan companies, hospitals, other providers, patients, and patient advocates. The commissioners may satisfy this requirement by continuing the provider directed care coordination advisory committee.

(c) For the purposes of developing and implementing these standards, the commissioners may use the expedited rulemaking process under section 14.389.

Subd. 3. **Requirements for clinicians certified as health care homes.** (a) A personal clinician or a primary care clinic may be certified as a health care home. If a primary care clinic is certified, all of the primary care clinic's clinicians must meet the criteria of a health care home. In order to be certified as a health care home, a clinician or clinic must meet the standards set by the commissioners in accordance with this section. Certification as a health care home is voluntary. In order to maintain their status as health care homes, clinicians or clinics must renew their certification annually.

(b) Clinicians or clinics certified as health care homes must offer their health care home services to all their patients with complex or chronic health conditions who are interested in participation.

(c) Health care homes must participate in the health care home collaborative established under subdivision 5.

Subd. 4. **Alternative models.** Nothing in this section shall preclude the continued development of existing medical or health care home projects currently operating or under development by the commissioner of human services or preclude the commissioner from establishing alternative models and payment mechanisms for persons who are enrolled in integrated Medicare and Medicaid programs under section 256B.69, subdivisions 23 and 28, are enrolled in managed care long-term care programs under section 256B.69, subdivision 6b, are dually eligible for Medicare and medical assistance, are in the waiting period for Medicare, or who have other primary coverage.

Subd. 5. **Health care home collaborative.** By July 1, 2009, the commissioners shall establish a health care home collaborative to provide an opportunity for health care

homes and state agencies to exchange information related to quality improvement and best practices.

Subd. 6. **Evaluation and continued development.** (a) For continued certification under this section, health care homes must meet process, outcome, and quality standards as developed and specified by the commissioners. The commissioners shall collect data from health care homes necessary for monitoring compliance with certification standards and for evaluating the impact of health care homes on health care quality, cost, and outcomes.

(b) The commissioners may contract with a private entity to perform an evaluation of the effectiveness of health care homes. Data collected under this subdivision is classified as nonpublic data under chapter 13.

Subd. 7. **Outreach.** Beginning July 1, 2009, the commissioner shall encourage state health care program enrollees who have a complex or chronic condition to select a primary care clinic with clinicians who have been certified as health care homes.

Sec. 2. **[256B.0752] HEALTH CARE HOME REPORTING REQUIREMENTS.**

Subdivision 1. **Annual reports on implementation and administration.** The commissioners shall report annually to the legislature on the implementation and administration of the health care home model for state health care program enrollees in the fee-for-service, managed care, and county-based purchasing sectors beginning December 15, 2009, and each December 15 thereafter.

Subd. 2. **Evaluation reports.** The commissioners shall provide to the legislature comprehensive evaluations of the health care home model three years and five years after implementation. The report must include:

(1) the number of state health care program enrollees in health care homes and the number and characteristics of enrollees with complex or chronic conditions, identified by income, race, ethnicity, and language;

(2) the number and geographic distribution of health care home providers;

(3) the performance and quality of care of health care homes;

(4) measures of preventive care;

(5) health care home payment arrangements, and costs related to implementation and payment of care coordination fees;

(6) the estimated impact of health care homes on health disparities; and

(7) estimated savings from implementation of the health care home model for the fee-for-service, managed care, and county-based purchasing sectors.

Sec. 3. **[256B.0753] PAYMENT RESTRUCTURING; CARE COORDINATION PAYMENTS.**

Subdivision 1. **Development.** The commissioner of human services, in coordination with the commissioner of health, shall develop a payment system that provides per-person care coordination payments to health care homes certified under section 256B.0751 for providing care coordination services and directly managing on-site or employing care coordinators. The care coordination payments under this section are in addition to the quality incentive payments in section 256B.0754, subdivision 1. The care coordination payment system must vary the fees paid by thresholds of care complexity, with the

highest fees being paid for care provided to individuals requiring the most intensive care coordination. In developing the criteria for care coordination payments, the commissioner shall consider the feasibility of including the additional time and resources needed by patients with limited English-language skills, cultural differences, or other barriers to health care. The commissioner may determine a schedule for phasing in care coordination fees such that the fees will be applied first to individuals who have, or are at risk of developing, complex or chronic health conditions. Development of the payment system must be completed by January 1, 2010.

Subd. 2. **Implementation.** The commissioner of human services shall implement care coordination payments as specified under this section by July 1, 2010, or upon federal approval, whichever is later. For enrollees served under the fee-for-service system, the care coordination payment shall be determined by the commissioner in contracts with certified health care homes. For enrollees served by managed care or county-based purchasing plans, the commissioner's contracts with these plans shall require the payment of care coordination fees to certified health care homes.

Subd. 3. **Cost neutrality.** If initial savings from implementation of health care homes are not sufficient to allow implementation of the care coordination fee in a cost-neutral manner, the commissioner may make recommendations to the legislature on reallocating costs within the health care system.

Sec. 4. **[256B.0754] PAYMENT REFORM.**

Subdivision 1. **Quality incentive payments.** By July 1, 2010, the commissioner of human services shall implement quality incentive payments as established under section 62U.02 for all enrollees in state health care programs consistent with relevant state and federal statute and rule. This section does not limit the ability of the commissioner of human services to establish by contract and monitor, as part of its quality assurance obligations for state health care programs, outcome and performance measures for nonmedical services and health issues likely to occur in low-income populations or racial or cultural groups disproportionately represented in state health care program enrollment that would likely be underrepresented when using traditional measures that are based on longer-term enrollment.

Subd. 2. **Payment reform.** By January 1, 2011, the commissioner of human services shall use the information and methods developed under section 62U.04 to establish a payment system that:

- (1) rewards high-quality, low-cost providers;
 - (2) creates enrollee incentives to receive care from high-quality, low-cost providers;
- and
- (3) fosters collaboration among providers to reduce cost shifting from one part of the health continuum to another.

Sec. 5. **WORKFORCE SHORTAGE STUDY.**

To address health care workforce shortages, the commissioner of health, in consultation with the health licensing boards and professional associations, shall study changes necessary in health professional licensure and regulation to ensure full utilization of advanced practice registered nurses, physician assistants, and other licensed health care

professionals in the health care home and primary delivery system. The commissioner shall make recommendations to the legislature by January 15, 2009.

ARTICLE 3

INCREASING ACCESS; CONTINUITY OF CARE

Section 1. [124D.1115] FREE AND REDUCED SCHOOL LUNCH PROGRAM DATA SHARING.

(a) Each school participating in the federal school lunch program shall electronically send to the Department of Education the eligibility information on each child who is eligible for the free and reduced lunch program, unless the child's parent or legal guardian after being notified of the potential disclosure of this information for the limited purpose stated in paragraph (b) elects not to have the information disclosed.

(b) Pursuant to United States Code, title 42, section 1758(b)(6)(A), the Department of Education shall enter into an agreement with the Department of Human Services to share the eligibility information provided by each school in paragraph (a) for the limited purpose of identifying children who may be eligible for medical assistance or MinnesotaCare. The Department of Human Services must ensure that this information remains confidential and shall only be used for this purpose. Any unauthorized disclosure shall be subject to a penalty.

Sec. 2. Minnesota Statutes 2006, section 256.01, is amended by adding a subdivision to read:

Subd. 27. **Application and renewal forms.** The commissioner shall make state health care program applications and renewals available on the department's Web site in the most common foreign languages.

Sec. 3. Minnesota Statutes 2007 Supplement, section 256.962, subdivision 5, is amended to read:

Subd. 5. **Incentive program.** Beginning January 1, 2008, the commissioner shall establish an incentive program for organizations and licensed insurance producers under chapter 60K that directly identify and assist potential enrollees in filling out and submitting an application. For each applicant who is successfully enrolled in MinnesotaCare, medical assistance, or general assistance medical care, the commissioner, within the available appropriation, shall pay the organization or licensed insurance producer a \$20 \$25 application assistance bonus. The organization or licensed insurance producer may provide an applicant a gift certificate or other incentive upon enrollment.

Sec. 4. Minnesota Statutes 2007 Supplement, section 256.962, subdivision 6, is amended to read:

Subd. 6. **School districts.** (a) At the beginning of each school year, a school district shall provide information to each student on the availability of health care coverage through the Minnesota health care programs.

(b) For each child who is determined to be eligible for ~~a~~ the free ~~or~~ and reduced priced school lunch program, the district shall provide the child's family with ~~an~~ application for the Minnesota health care programs and information on how to obtain an application for the Minnesota health care programs and application assistance.

(c) A district shall also ensure that applications and information on application assistance are available at early childhood education sites and public schools located within the district's jurisdiction.

(d) Each district shall designate an enrollment specialist to provide application assistance and follow-up services with families ~~who are eligible for the reduced or free lunch program or~~ who have indicated an interest in receiving information or an application for the Minnesota health care program. A district is eligible for the application assistance bonus described in subdivision 5.

(e) Each school district shall provide on their Web site a link to information on how to obtain an application and application assistance.

Sec. 5. Minnesota Statutes 2007 Supplement, section 256B.057, subdivision 2c, as amended by Laws 2008, chapter 286, article 1, section 5, is amended to read:

Subd. 2c. ~~Extended coverage for~~ **Seamless coverage for MinnesotaCare eligible children.** A child receiving medical assistance under subdivision 2, who becomes ineligible due to excess income, is eligible for two additional months of seamless coverage between medical assistance and MinnesotaCare. The child shall remain eligible under this section for two additional months and is deemed automatically eligible for MinnesotaCare until renewal. MinnesotaCare coverage begins in accordance with section 256L.05, subdivision 3. Eligibility under this section is effective following any coverage available under section 256B.0635.

~~A child eligible for extended coverage under this section is deemed automatically eligible for MinnesotaCare until renewal. MinnesotaCare coverage begins in accordance with section 256L.05, subdivision 3.~~

Sec. 6. Minnesota Statutes 2007 Supplement, section 256L.04, subdivision 1, is amended to read:

Subdivision 1. **Families with children.** (a) Families with children with family income equal to or less than 275 percent of the federal poverty guidelines for the applicable family size shall be eligible for MinnesotaCare according to this section. All other provisions of sections 256L.01 to 256L.18, including the insurance-related barriers to enrollment under section 256L.07, shall apply unless otherwise specified.

(b) Parents who enroll in the MinnesotaCare program must also enroll their children, if the children are eligible. Children may be enrolled separately without enrollment by parents. However, if one parent in the household enrolls, both parents must enroll, unless other insurance is available. If one child from a family is enrolled, all children must be enrolled, unless other insurance is available. If one spouse in a household enrolls, the other spouse in the household must also enroll, unless other insurance is available. Families cannot choose to enroll only certain uninsured members.

(c) Beginning October 1, 2003, the dependent sibling definition no longer applies to the MinnesotaCare program. These persons are no longer counted in the parental household and may apply as a separate household.

(d) Beginning July 1, 2003, or upon federal approval, whichever is later, parents are not eligible for MinnesotaCare if their gross income exceeds ~~\$50,000~~ \$57,500.

(e) Children formerly enrolled in medical assistance and automatically deemed eligible for MinnesotaCare according to section 256B.057, subdivision 2c, are exempt from the requirements of this section until renewal.

EFFECTIVE DATE. This section is effective July 1, 2010, or upon federal approval, whichever is later. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

Sec. 7. Minnesota Statutes 2007 Supplement, section 256L.04, subdivision 7, is amended to read:

Subd. 7. **Single adults and households with no children.** (a) The definition of eligible persons includes all individuals and households with no children who have gross family incomes that are equal to or less than 200 percent of the federal poverty guidelines.

(b) Effective July 1, 2009, the definition of eligible persons includes all individuals and households with no children who have gross family incomes that are equal to or less than ~~215~~ 250 percent of the federal poverty guidelines.

Sec. 8. Minnesota Statutes 2007 Supplement, section 256L.05, subdivision 3a, is amended to read:

Subd. 3a. **Renewal of eligibility.** (a) Beginning July 1, 2007, an enrollee's eligibility must be renewed every 12 months. The 12-month period begins in the month after the month the application is approved.

(b) Each new period of eligibility must take into account any changes in circumstances that impact eligibility and premium amount. An enrollee must provide all the information needed to redetermine eligibility by the first day of the month that ends the eligibility period. If there is no change in circumstances, the enrollee may renew eligibility at designated locations that include community clinics and health care providers' offices. The designated sites shall forward the renewal forms to the commissioner. The commissioner may establish criteria and timelines for sites to forward applications to the commissioner or county agencies. The premium for the new period of eligibility must be received as provided in section 256L.06 in order for eligibility to continue.

(c) For single adults and households with no children formerly enrolled in general assistance medical care and enrolled in MinnesotaCare according to section 256D.03, subdivision 3, the first period of eligibility begins the month the enrollee submitted the application or renewal for general assistance medical care.

(d) An enrollee who fails to submit renewal forms and related documentation necessary for verification of continued eligibility in a timely manner shall remain eligible for one additional month beyond the end of the current eligibility period before being disenrolled. The enrollee remains responsible for MinnesotaCare premiums for the additional month.

EFFECTIVE DATE. This section is effective January 1, 2009, or upon federal approval, whichever is later. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

Sec. 9. Minnesota Statutes 2006, section 256L.06, subdivision 3, is amended to read:

Subd. 3. **Commissioner's duties and payment.** (a) Premiums are dedicated to the commissioner for MinnesotaCare.

(b) The commissioner shall develop and implement procedures to: (1) require enrollees to report changes in income; (2) adjust sliding scale premium payments, based upon both increases and decreases in enrollee income, at the time the change in income is reported; and (3) disenroll enrollees from MinnesotaCare for failure to pay required premiums. Failure to pay includes payment with a dishonored check, a returned automatic bank withdrawal, or a refused credit card or debit card payment. The commissioner may demand a guaranteed form of payment, including a cashier's check or a money order, as the only means to replace a dishonored, returned, or refused payment.

(c) Premiums are calculated on a calendar month basis and may be paid on a monthly, quarterly, or semiannual basis, with the first payment due upon notice from the commissioner of the premium amount required. The commissioner shall inform applicants and enrollees of these premium payment options. Premium payment is required before enrollment is complete and to maintain eligibility in MinnesotaCare. Premium payments received before noon are credited the same day. Premium payments received after noon are credited on the next working day.

(d) Nonpayment of the premium will result in disenrollment from the plan effective ~~for the first day of the calendar month following the calendar month for which the premium was due.~~ Persons disenrolled for nonpayment or who voluntarily terminate coverage from the program may not reenroll until four calendar months have elapsed. ~~Persons disenrolled for nonpayment who pay all past due premiums as well as current premiums due, including premiums due for the period of disenrollment, within 20 days of disenrollment, shall be reenrolled retroactively to the first day of disenrollment.~~ The commissioner shall waive premiums for coverage provided under this paragraph to persons disenrolled for nonpayment who reapply under section 256L.05, subdivision 3b. Persons disenrolled for nonpayment or who voluntarily terminate coverage from the program may not reenroll for four calendar months unless the person demonstrates good cause for nonpayment. Good cause does not exist if a person chooses to pay other family expenses instead of the premium. The commissioner shall define good cause in rule.

EFFECTIVE DATE. This section is effective January 1, 2009, or upon federal approval, whichever is later. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

Sec. 10. Minnesota Statutes 2007 Supplement, section 256L.07, subdivision 1, is amended to read:

Subdivision 1. **General requirements.** (a) Children enrolled in the original children's health plan as of September 30, 1992, children who enrolled in the MinnesotaCare program after September 30, 1992, pursuant to Laws 1992, chapter 549, article 4, section 17, and children who have family gross incomes that are equal to or less than 150 percent of the federal poverty guidelines are eligible without meeting the requirements of subdivision 2 and the four-month requirement in subdivision 3, as long as they maintain continuous coverage in the MinnesotaCare program or medical assistance. Children who apply for MinnesotaCare on or after the implementation date of the employer-subsidized health coverage program as described in Laws 1998, chapter 407, article 5, section 45, who have family gross incomes that are equal to or less than 150

percent of the federal poverty guidelines, must meet the requirements of subdivision 2 to be eligible for MinnesotaCare.

Families enrolled in MinnesotaCare under section 256L.04, subdivision 1, whose income increases above 275 percent of the federal poverty guidelines, are no longer eligible for the program and shall be disenrolled by the commissioner. Beginning January 1, 2008, individuals enrolled in MinnesotaCare under section 256L.04, subdivision 7, whose income increases above 200 percent of the federal poverty guidelines or ~~215~~ 250 percent of the federal poverty guidelines on or after July 1, 2009, are no longer eligible for the program and shall be disenrolled by the commissioner. For persons disenrolled under this subdivision, MinnesotaCare coverage terminates the last day of the calendar month following the month in which the commissioner determines that the income of a family or individual exceeds program income limits.

(b) Notwithstanding paragraph (a), children may remain enrolled in MinnesotaCare if ten percent of their gross individual or gross family income as defined in section 256L.01, subdivision 4, is less than the annual premium for a policy with a \$500 deductible available through the Minnesota Comprehensive Health Association. Children who are no longer eligible for MinnesotaCare under this clause shall be given a 12-month notice period from the date that ineligibility is determined before disenrollment. The premium for children remaining eligible under this clause shall be the maximum premium determined under section 256L.15, subdivision 2, paragraph (b).

(c) Notwithstanding paragraphs (a) and (b), parents are not eligible for MinnesotaCare if gross household income exceeds ~~\$50,000~~ \$57,500 for the 12-month period of eligibility.

EFFECTIVE DATE. The effective date for the amendment to paragraph (a) is July 1, 2009, or upon federal approval, whichever is later. The effective date for the amendment to paragraph (c) is July 1, 2010, or upon federal approval, whichever is later. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

Sec. 11. Minnesota Statutes 2007 Supplement, section 256L.15, subdivision 2, is amended to read:

Subd. 2. **Sliding fee scale; monthly gross individual or family income.** (a) The commissioner shall establish a sliding fee scale to determine the percentage of monthly gross individual or family income that households at different income levels must pay to obtain coverage through the MinnesotaCare program. The sliding fee scale must be based on the enrollee's monthly gross individual or family income. The sliding fee scale must contain separate tables based on enrollment of one, two, or three or more persons. Until June 30, 2009, the sliding fee scale begins with a premium of 1.5 percent of monthly gross individual or family income for individuals or families with incomes below the limits for the medical assistance program for families and children in effect on January 1, 1999, and proceeds through the following evenly spaced steps: 1.8, 2.3, 3.1, 3.8, 4.8, 5.9, 7.4, and 8.8 percent. These percentages are matched to evenly spaced income steps ranging from the medical assistance income limit for families and children in effect on January 1, 1999, to 275 percent of the federal poverty guidelines for the applicable family size, up to a family size of five. The sliding fee scale for a family of five must be used for families of more than five. The sliding fee scale and percentages are not subject to the provisions of

chapter 14. If a family or individual reports increased income after enrollment, premiums shall be adjusted at the time the change in income is reported.

(b) Families Children in families whose gross income is above 275 percent of the federal poverty guidelines shall pay the maximum premium. The maximum premium is defined as a base charge for one, two, or three or more enrollees so that if all MinnesotaCare cases paid the maximum premium, the total revenue would equal the total cost of MinnesotaCare medical coverage and administration. In this calculation, administrative costs shall be assumed to equal ten percent of the total. The costs of medical coverage for pregnant women and children under age two and the enrollees in these groups shall be excluded from the total. The maximum premium for two enrollees shall be twice the maximum premium for one, and the maximum premium for three or more enrollees shall be three times the maximum premium for one.

(c) Beginning July 1, 2009, MinnesotaCare enrollees shall pay premiums according to the premium scale specified in paragraph (d) with the exception that children in families with income at or below 150 percent of the federal poverty guidelines shall pay a monthly premium of \$4. For purposes of paragraph (d), "minimum" means a monthly premium of \$4.

(d) The following premium scale is established for individuals and families with gross family incomes of 300 percent of the federal poverty guidelines or less:

<u>Federal Poverty Guideline Range</u>	<u>Percent of Average Gross Monthly Income</u>
<u>0-45%</u>	<u>minimum</u>
<u>46-54%</u>	<u>1.1%</u>
<u>55-81%</u>	<u>1.6%</u>
<u>82-109%</u>	<u>2.2%</u>
<u>110-136%</u>	<u>2.9%</u>
<u>137-164%</u>	<u>3.6%</u>
<u>165-191%</u>	<u>4.6%</u>
<u>192-219%</u>	<u>5.6%</u>
<u>220-248%</u>	<u>6.5%</u>
<u>249-274%</u>	<u>7.2%</u>
<u>275-300%</u>	<u>8.0%</u>

EFFECTIVE DATE. This section is effective January 1, 2009, or upon federal approval, whichever is later. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

Sec. 12. **AUTOMATION AND COORDINATION FOR STATE HEALTH CARE PROGRAMS.**

(a) For purposes of this subdivision, "state health care program" means the medical assistance, MinnesotaCare, or general assistance medical care programs.

(b) By January 15, 2009, the commissioner of human services shall report to the legislature on ways to improve coordination between state health care programs and social service programs, including, but not limited to, WIC and food stamps. This report must include a review of options for the development of automated systems to identify persons served by social service programs who may be eligible for, but are not enrolled in, a state health care program. The report shall identify to the legislature statutory changes to state health care and social service programs necessary to improve coordination and automation between state health care programs and social service programs.

Sec. 13. **LONG-TERM CARE WORKER HEALTH COVERAGE STUDY.**

(a) The commissioner of human services shall study and report to the legislature by December 15, 2008, with recommendations for a rate increase to long-term care employers dedicated to the purchase of employee health insurance in the private market. The commissioner shall collect necessary actuarial data, employment data, current coverage data, and other needed information.

(b) The commissioner shall develop cost estimates for three levels of insurance coverage for long-term care workers:

(1) the coverage provided to state employees;

(2) the coverage provided to MinnesotaCare enrollees; and

(3) the benefits provided under an "average" private market insurance product, but with a deductible limited to \$100 per person.

Premium cost sharing, waiting periods for eligibility, definitions of full- and part-time employment, and other parameters under the three options must be identical to those under the state employees health plan.

(c) For purposes of this section, a long-term care worker is a person employed by a nursing facility, an intermediate care facility for persons with developmental disabilities, or a service provider that:

(1) is eligible under Laws 2007, chapter 147, article 7, section 71; and

(2) provides long-term care services.

The commissioner may recommend a different definition of long-term care worker if this definition presents insurmountable implementation issues.

(d) The recommendations must include measures to:

(1) ensure equitable treatment between employers that currently have different levels of expenditure for employee health insurance costs; and

(2) enforce the requirement that the rate increase be expended for the intended purpose.

Sec. 14. **REPEALER.**

Minnesota Statutes 2006, section 256L.15, subdivision 3, is repealed.

EFFECTIVE DATE. This section is effective July 1, 2009, or upon federal approval of the amendments to Minnesota Statutes, section 256L.15, subdivision 2,

paragraphs (c) and (d), whichever is later. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

ARTICLE 4

HEALTH INSURANCE PURCHASING AND AFFORDABILITY REFORM

Section 1. Minnesota Statutes 2007 Supplement, section 43A.23, subdivision 1, is amended to read:

Subdivision 1. **General.** (a) The commissioner is authorized to request proposals or to negotiate and to enter into contracts with parties which in the judgment of the commissioner are best qualified to provide service to the benefit plans. Contracts entered into are not subject to the requirements of sections 16C.16 to 16C.19. The commissioner may negotiate premium rates and coverage. The commissioner shall consider the cost of the plans, conversion options relating to the contracts, service capabilities, character, financial position, and reputation of the carriers, and any other factors which the commissioner deems appropriate. Each benefit contract must be for a uniform term of at least one year, but may be made automatically renewable from term to term in the absence of notice of termination by either party. A carrier licensed under chapter 62A is exempt from the taxes imposed by chapter 297I on premiums paid to it by the state.

(b) All self-insured hospital and medical service products must comply with coverage mandates, data reporting, and consumer protection requirements applicable to the licensed carrier administering the product, had the product been insured, including chapters 62J, 62M, and 62Q. Any self-insured products that limit coverage to a network of providers or provide different levels of coverage between network and nonnetwork providers shall comply with section 62D.123 and geographic access standards for health maintenance organizations adopted by the commissioner of health in rule under chapter 62D.

(c) Notwithstanding paragraph (b), a self-insured hospital and medical product offered under sections 43A.22 to 43A.30 is not required to extend dependent coverage to an eligible employee's unmarried child under the age of 25 to the full extent required under chapters 62A and 62L. Dependent coverage must, at a minimum, extend to an eligible employee's unmarried child who is under the age of 19 or an unmarried child under the age of 25 who is a full-time student. The definition of "full-time student" for purposes of this paragraph includes any student who by reason of illness, injury, or physical or mental disability as documented by a physician is unable to carry what the educational institution considers a full-time course load so long as the student's course load is at least 60 percent of what otherwise is considered by the institution to be a full-time course load. Any notice regarding termination of coverage due to attainment of the limiting age must include information about this definition of "full-time student."

(d) Beginning January 1, 2010, the health insurance benefit plans offered in the commissioner's plan under section 43A.18, subdivision 2, and the managerial plan under section 43A.18, subdivision 3, must include an option for a health plan that is compatible with the definition of a high-deductible health plan in section 223 of the United States Internal Revenue Code.

Sec. 2. Minnesota Statutes 2007 Supplement, section 62J.495, is amended by adding a subdivision to read:

Subd. 3. **Interoperable electronic health record requirements.** (a) To meet the requirements of subdivision 1, hospitals and health care providers must meet the following criteria when implementing an interoperable electronic health records system within their hospital system or clinical practice setting.

(b) The electronic health record must be certified by the Certification Commission for Healthcare Information Technology, or its successor. This criterion only applies to hospitals and health care providers whose practice setting is a practice setting covered by Certification Commission for Healthcare Information Technology certifications. This criterion shall be considered met if a hospital or health care provider is using an electronic health records system that has been certified within the last three years, even if a more current version of the system has been certified within the three-year period.

(c) A health care provider who is a prescriber or dispenser of controlled substances must have an electronic health record system that meets the requirements of section 62J.497.

Sec. 3. [62J.497] ELECTRONIC PRESCRIPTION DRUG PROGRAM.

Subdivision 1. **Definitions.** For the purposes of this section, the following terms have the meanings given.

(a) "Dispense" or "dispensing" has the meaning given in section 151.01, subdivision 30. Dispensing does not include the direct administering of a controlled substance to a patient by a licensed health care professional.

(b) "Dispenser" means a person authorized by law to dispense a controlled substance, pursuant to a valid prescription.

(c) "Electronic media" has the meaning given under Code of Federal Regulations, title 45, part 160.103.

(d) "E-prescribing" means the transmission using electronic media of prescription or prescription-related information between a prescriber, dispenser, pharmacy benefit manager, or group purchaser, either directly or through an intermediary, including an e-prescribing network. E-prescribing includes, but is not limited to, two-way transmissions between the point of care and the dispenser.

(e) "Electronic prescription drug program" means a program that provides for e-prescribing.

(f) "Group purchaser" has the meaning given in section 62J.03, subdivision 6.

(g) "HL7 messages" means a standard approved by the standards development organization known as Health Level Seven.

(h) "National Provider Identifier" or "NPI" means the identifier described under Code of Federal Regulations, title 45, part 162.406.

(i) "NCPDP" means the National Council for Prescription Drug Programs, Inc.

(j) "NCPDP Formulary and Benefits Standard" means the National Council for Prescription Drug Programs Formulary and Benefits Standard, Implementation Guide, Version 1, Release 0, October 2005.

(k) "NCPDP SCRIPT Standard" means the National Council for Prescription Drug Programs Prescriber/Pharmacist Interface SCRIPT Standard, Implementation Guide Version 8, Release 1 (Version 8.1), October 2005.

(l) "Pharmacy" has the meaning given in section 151.01, subdivision 2.

(m) "Prescriber" means a licensed health care professional who is authorized to prescribe a controlled substance under section 152.12, subdivision 1.

(n) "Prescription-related information" means information regarding eligibility for drug benefits, medication history, or related health or drug information.

(o) "Provider" or "health care provider" has the meaning given in section 62J.03, subdivision 8.

Subd. 2. **Requirements for electronic prescribing.** (a) Effective January 1, 2011, all providers, group purchasers, prescribers, and dispensers must establish and maintain an electronic prescription drug program that complies with the applicable standards in this section for transmitting, directly or through an intermediary, prescriptions and prescription-related information using electronic media.

(b) Nothing in this section requires providers, group purchasers, prescribers, or dispensers to conduct the transactions described in this section. If transactions described in this section are conducted, they must be done electronically using the standards described in this section. Nothing in this section requires providers, group purchasers, prescribers, or dispensers to electronically conduct transactions that are expressly prohibited by other sections or federal law.

(c) Providers, group purchasers, prescribers, and dispensers must use either HL7 messages or the NCPDP SCRIPT Standard to transmit prescriptions or prescription-related information internally when the sender and the recipient are part of the same legal entity. If an entity sends prescriptions outside the entity, it must use the NCPDP SCRIPT Standard or other applicable standards required by this section. Any pharmacy within an entity must be able to receive electronic prescription transmittals from outside the entity using the adopted NCPDP SCRIPT Standard. This exemption does not supersede any Health Insurance Portability and Accountability Act (HIPAA) requirement that may require the use of a HIPAA transaction standard within an organization.

(d) Entities transmitting prescriptions or prescription-related information where the prescriber is required by law to issue a prescription for a patient to a nonprescribing provider that in turn forwards the prescription to a dispenser are exempt from the requirement to use the NCPDP SCRIPT Standard when transmitting prescriptions or prescription-related information.

Subd. 3. **Standards for electronic prescribing.** (a) Prescribers and dispensers must use the NCPDP SCRIPT Standard for the communication of a prescription or prescription-related information. The NCPDP SCRIPT Standard shall be used to conduct the following transactions:

(1) get message transaction;

(2) status response transaction;

(3) error response transaction;

(4) new prescription transaction;

- (5) prescription change request transaction;
- (6) prescription change response transaction;
- (7) refill prescription request transaction;
- (8) refill prescription response transaction;
- (9) verification transaction;
- (10) password change transaction;
- (11) cancel prescription request transaction; and
- (12) cancel prescription response transaction.

(b) Providers, group purchasers, prescribers, and dispensers must use the NCPDP SCRIPT Standard for communicating and transmitting medication history information.

(c) Providers, group purchasers, prescribers, and dispensers must use the NCPDP Formulary and Benefits Standard for communicating and transmitting formulary and benefit information.

(d) Providers, group purchasers, prescribers, and dispensers must use the national provider identifier to identify a health care provider in e-prescribing or prescription-related transactions when a health care provider's identifier is required.

(e) Providers, group purchasers, prescribers, and dispensers must communicate eligibility information and conduct health care eligibility benefit inquiry and response transactions according to the requirements of section 62J.536.

Sec. 4. **[62U.01] DEFINITIONS.**

Subdivision 1. **Applicability.** For purposes of this chapter, the terms defined in this section have the meanings given, unless otherwise specified.

Subd. 2. **Basket or baskets of care.** "Basket" or "baskets of care" means a collection of health care services that are paid separately under a fee-for-service system, but which are ordinarily combined by a provider in delivering a full diagnostic or treatment procedure to a patient.

Subd. 3. **Clinically effective.** "Clinically effective" means that the use of a particular health technology or service improves or prevents a decline in patient clinical status, as measured by medical condition, survival rates, and other variables, and that the use of the particular technology or service demonstrates a clinical or outcome advantage over alternative technologies or services. This definition shall not be used to exclude or deny technology or treatment necessary to preserve life on the basis of an individual's age or expected length of life or of the individual's present or predicted disability, degree of medical dependency, or quality of life.

Subd. 4. **Commissioner.** "Commissioner" means the commissioner of health unless otherwise specified.

Subd. 5. **Cost-effective.** "Cost-effective" means that the economic costs of using a particular service, device, or health technology to achieve improvement or prevent a decline in a patient's health outcome are justified given the comparison to both the economic costs and the improvement or prevention of decline in patient health outcome resulting from the use of an alternative service, device, or technology, or from not
