

ORAL HEALTH PRACTITIONER SCOPE OF PRACTICE (Revised 10/24/08)

PROCEDURE	PATIENT POPULATION		SUPERVISION LEVEL			STATUS
	CHILDREN	ADULTS	DIRECT	INDIRECT	GENERAL	
PREVENTATIVE, PALLIATIVE, DIAGNOSTIC & ASSESSMENT PROCEDURES						
Oral Health Instruction					✓	Non controversial
Examination – includes medical history/review					DH (in line w/ perio assessment)	TBD - Proposed not to be allowed under general supervision
Radiographs					✓	Non controversial
Prophylaxis					✓	Non controversial
Nutritional Counseling/Dietary Analysis					✓	Non controversial
Fabrication of Soft Occlusal Guard					✓	Non controversial
Fabrication of Athletic Mouthguard					✓	Non controversial
Fluoride Application - Topical					✓	Non controversial
Fluoride Application - Varnish					✓	Non controversial
Full Mouth Debridement					DH	TBD - Proposed to be excluded from OHP Scope of practice
Palliative (Emergency) Tx of Dental Pain					✓	Non controversial
Pulp Vitality Testing					✓	Non controversial
Application of Desensitizing Medicament/Resin					✓	Non controversial
Preliminary Charting of the Oral Cavity					✓	Non controversial
Sealants					DH	TBD - Proposed to be added to OHP Scope of practice
Space maintainer – placement and removal						TBD - Proposed to be added to OHP Scope of practice
Rendering a diagnosis						TBD - Proposed to be excluded from OHP Scope of practice

Note: All procedures allowed under general supervision unless otherwise noted

ORAL HEALTH PRACTITIONER SCOPE OF PRACTICE (Revised 10/24/08)

PROCEDURE	PATIENT POPULATION		SUPERVISION LEVEL			STATUS
	CHILDREN	ADULTS	DIRECT	INDIRECT	GENERAL	
RESTORATIVE/OPERATIVE PROCEDURES						
Cavity Preparation					✓	Non controversial
Class I					✓	Non controversial
Class II					✓	Non controversial
Class III					✓	Non controversial
Class IV					✓	Non controversial
Class V					✓	Non controversial
Restoration of Primary Teeth [Any material – 9/5/08 agreed]						
Class I					✓	Non controversial
Class II					✓	Non controversial
Class III					✓	Non controversial
Class IV					✓	Non controversial
Class V					✓	Non controversial
Restoration of Permanent Teeth [Any material – 9/5/08 agreed]						
Class I					✓	Non controversial
Class II					✓	Non controversial
Class III					✓	Non controversial
Class IV					✓	Non controversial
Class V					✓	Non controversial
Placement of Temporary Crowns					✓	Non controversial
Placement of Temporary Restorations					✓	Non controversial
Placement of Preformed Crowns						TBD – Proposed to be added to OHP Scope of practice
Pulpotomies on Primary Teeth					✓	Non controversial
Direct Pulp Capping (Primary Teeth)					✓	Non controversial

Note: All procedures allowed under general supervision unless otherwise noted

ORAL HEALTH PRACTITIONER SCOPE OF PRACTICE (Revised 10/24/08)

PROCEDURE	PATIENT POPULATION		SUPERVISION LEVEL			STATUS
	CHILDREN	ADULTS	DIRECT	INDIRECT	GENERAL	
Direct Pulp Capping (Permanent Teeth)					✓	Non controversial
Indirect Pulp Capping (Primary Teeth)					✓	Non controversial
Indirect Pulp Capping (Permanent Teeth)					✓	Non controversial
Repair of Defective Prosthetic Appliances – - Complete dentures (repair broken complete denture base and replace missing/broken teeth) - Partial dentures (repair resin denture base, repair cast framework, repair or replace broken clasp, replace broken tooth, add tooth to existing partial denture, add clasp to existing partial denture)						TBD –
Recementing of Permanent Crowns						TBD - Proposed to be excluded from OHP Scope of practice
Perio Maintenance					DH	TBD - Proposed to be excluded from OHP Scope of practice
Scaling/Root Planing					DH	TBD - Proposed to be excluded from OHP Scope of practice
Behavior Management						Pediatric restraints TBD - Proposed to be excluded from OHP Scope of practice
House/Extended Care Facility Visit					✓	Non controversial
Hospital Visit					✓	Non controversial
Soft Tissue Reline- Chair side					✓	Non controversial
Soft Tissue Conditioning					✓	Non controversial
ART technique						TBD - Proposed to be added to OHP Scope of practice
Endo access opening-emergency (opening of a permanent tooth for pulpal debridement and opening chamber)						TBD - Proposed to be excluded from OHP Scope of practice

Note: All procedures allowed under general supervision unless otherwise noted

ORAL HEALTH PRACTITIONER SCOPE OF PRACTICE (Revised 10/24/08)

PROCEDURE	PATIENT POPULATION		SUPERVISION LEVEL			STATUS
	CHILDREN	ADULTS	DIRECT	INDIRECT	GENERAL	
SURGICAL PROCEDURES						
Extractions (Primary Teeth)						TBD – proposed to allow 7111 only
soft tissue						TBD - Proposed to be excluded from OHP Scope of practice
partial bony						TBD - Proposed to be excluded from OHP Scope of practice
complete bony						TBD - Proposed to be excluded from OHP Scope of practice
Extractions (Permanent Teeth)						TBD –proposed to allow 7140 only, not under general supervision
soft tissue						TBD - Proposed to be excluded from OHP Scope of practice
partial bony						TBD - Proposed to be excluded from OHP Scope of practice
complete bony						TBD - Proposed to be excluded from OHP Scope of practice
Suture Placement						TBD - Proposed not to be allowed under general supervision
Root Tip Removal –						TBD - Proposed to be excluded from OHP Scope of practice – but, if 7140, could be moved to extraction TBD - Proposed not to be allowed under general supervision
Suture Removal					✓	Non controversial
Dressing Change					✓	Non controversial
Brush Biopsies					✓	Non controversial
Tooth Reimplantation						TBD - Proposed to be added to OHP Scope of practice
Incision & Drainage of Abscess						TBD - Proposed to be excluded from OHP Scope of practice

Note: All procedures allowed under general supervision unless otherwise noted

ORAL HEALTH PRACTITIONER SCOPE OF PRACTICE (Revised 10/24/08)

MEDICATIONS PRESCRIBED, ADMINISTERED, DISPENSED

MEDICATION	PATIENT POPULATION		DELIVERY MECHANISM			STATUS
	CHILDREN	ADULTS	PRESCRIBE	ADMINISTER	DISPENSE	
Antibiotics – Infectious						
Cephalexin						Non controversial
Metronidazole						Non controversial
Doxycycline						Non controversial
Azythromycin						Non controversial
Antibiotics – Prohylactic						
Amoxicillin						Non controversial
Clindamycin						Non controversial
Erythromycin						Non controversial
Pain/Inflammation						
Ibuprofin 800mg						Non controversial
APAP (Tylenol)						Non controversial
Tylenol #3						TBD -
Kenalog in Orabase]						Non controversial
Naproxen (Alleve)						Non controversial
Ketorolac						Non controversial
Celebrex						Non controversial
Viscous Lidocaine						Non controversial
Hydcodone/APAP						TBD -
Tramadol						TBD -
Other Medications						
Nitrous Oxide						TBD - Proposed not to be allowed under general supervision
Local Anesthetic						Non controversial
Localized Delivery of Antimicrobial Agents						Non controversial
Peridex Rinse						Non controversial
Chlorhexidine Rinse						Non controversial
Fluoride Toothpaste/Gels						Non controversial
Fluoride Vitamins						Non controversial
Smoking cessation medications						TBD - Proposed to be added to OHP Scope of practice
Antifungal and those needed for medical emergencies						TBD - Proposed to be added to OHP Scope of practice

Note: All procedures allowed under general supervision unless otherwise noted

ORAL HEALTH PRACTITIONER SCOPE OF PRACTICE (Revised 10/24/08)
