5. Balancing Acts: Keeping Children Safe in Congregations

Stop It Now! staff and board members were consultants on, *Balancing Acts: Keeping Children Safe in Congregations*, done by Rev. Debra Haffner for the Unitarian Society.

From the *Balancing Acts: Keeping Children Safe in Congregations* introduction:

"It offers information and procedural suggestions for leaders faced with the difficult task of helping the congregation decide if and how to include a sexual offender in their religious community. The facts and circumstances of the particular situation you are dealing with are of critical importance as you seek to make the best decisions for all involved. "

Debra reworked this piece for use by a broad range of faith communities in the book, *A Time to Heal: Protecting Children and Ministering to Sex Offenders*, which can be ordered by contacting Lifequest Publications, (419) 872-7448.

Stop It Now! has worked with local faith communities around these issues and considers this one of their priorities. For more information or suggestions about how to effectively engage faith communities in prevention efforts, you can contact [Peter Pollard](#), Director of Public Education.
