# Interactive Group Session: Garnering Leadership Support for Antibiotic Stewardship in Your Facility

Facilitator: Brett Whyte, MD, Winona Health

# Clinical Leadership

- Question 1: Do you have a clinical leader for antibiotic stewardship (AS) in your facility?
  - If yes, what is her/his professional role? How was she/he designated as the AS leader?
  - If you do not have an AS clinical leader, what steps could you take to identify one?

# Administrative Leadership

- Question 2: Have you or others in your facility taken steps to engage administrative leadership?
  - If yes, what did you do?
  - If no, what steps could you take?

# Policy and Practice

- Question 3: Does your facility have a formal AS policy and program?
  - If yes, what is the structure and what are the main objectives?
  - If you do not have a formal policy, why not? What are the major barriers?

# Tracking and Reporting

- Does your facility track and report data on antibiotic prescribing and use that could be used to make a business case for AS?
  - If yes, what and how are you tracking and reporting?
  - If no, what tracking would you like to put in place?
