Patient Registry: Reset Password

If you forgot your password or have been locked out of your account, you may reset your password in 3 easy steps:

STEP 1: LOCATE REGISTRY LOGIN

1. Go onto the Office of Medical Cannabis' Webpage:
www.mn.gov/medicalcannabis
2. Select "Registry Login/Create Account" as shown in the red box below.

The screenshot shows the Minnesota Department of Health website's Medical Cannabis section. The navigation bar includes 'HOME', 'TOPICS', and 'ABOUT US'. The main content area features a 'Medical Cannabis' header, a central image of medical supplies, and a sidebar with social media and utility links. A grid of links is displayed, with 'Registry Login/Create Account' highlighted in a red box. A 'Spotlight' section on the right lists 'Intractable Pain - Public and Advisory Panel Input', 'Medical Cannabis Registry', and 'Statistics'.

Medical Cannabis Registry

If you are a patient, you will enroll via an email link once your practitioner certifies you.

- ▶ [Health Care Practitioner - Create Account](#)
Register as a health care practitioner in the Minnesota Medical Cannabis Registry. You must be a Minnesota licensed Physician, Physician Assistant or Advance Practice Registered Nurse to register as a health care practitioner in the Minnesota Medical Cannabis Registry. To register, you will need:
 - ▶ General information: name, address, email and phone.
 - ▶ Your medical license.
 - ▶ Your DEA license.
 - ▶ General information about the clinic(s) where you practice.

It may be a crime under MN Law to impersonate a health care practitioner.

- ▶ [Log in to the Minnesota Medical Cannabis Registry](#)
Registered health care practitioners, certified patients, certified parents and certified caregivers can use this link to log in to their registry account.

Medical Cannabis Registry

[Login](#)

Cannabis Patient Centers are now open to approved patients in Minneapolis, Eagan and Rochester.

Medical Cannabis Registry Enrollment Process

Registration involves the following steps:

- Step 1: The patient visits his/her health care practitioner.
- Step 2: The patient's health care practitioner enrolls in the Medical Cannabis Registry and certifies that the patient has a qualifying medical condition.
- Step 3: The patient gets an email with a link to the enrollment application. If the patient has a caregiver, the caregiver will need to complete an application and pass a background check.
- Step 4: The patient (and caregiver, if applicable) will be notified by the Office of Medical Cannabis once the application is approved.

STEP 3: OBTAIN YOUR PASSWORD RESET LINK FROM EMAIL

1. Login to your email account and open the email with subject line: MCR Password Reset. Click on “Click here to reset your password” in the email content as displayed by red arrow. (If you are not seeing the email, check your spam folder.)

2. Create a new password. Type in your new password in the bottom 2 fields. Click “Submit” to continue.

A screenshot of a web form titled "Set your new password". The form has a blue header. Below the header, there are two text input fields: "New Password: *" and "Confirm New Password: *". To the right of these fields is a grey box with a red border containing "Password Requirements:" followed by a bulleted list: "at least 8 characters", "an upper and lower case", and "and a number/special character". Below the list is a note: "Note: passwords are case sensitive". At the bottom right of the form is a blue "Submit" button with a red border.

4. Once submitted, the system will update you with the following message below on the next screen. You may logout of your account when done.

The screenshot shows a web interface with a light blue header bar containing a message: "Your new password has been successfully set." This message is enclosed in a red rectangular box. Below the header is a dark blue banner with the text "Medical Cannabis Registry Enrollment Process" in white. Underneath the banner is a light gray box containing the text "Registration involves the following steps:" followed by a bulleted list of four steps. At the bottom right of the gray box is a button labeled "Registration Instructions".

Your new password has been successfully set.
