PROGRAM: REPORTING PERIOD JANUARY-DECEMBER 2018

## Appendix A: On-Time Inspections

This appendix contains program-specific, on-time inspection data for the years 2016 and 2018, by establishment type (e.g., food, pools, lodging, manufactured home parks and youth camps). In some program areas, there are few establishments of a certain type. Use caution when interpreting percentages, as a change of even one inspection could lead to a dramatic change in percent on-time depending on the number of establishments. For example, if a program's jurisdiction had two youth camps and both were inspected on time in 2016, but only one was inspected on time in 2018, their on-time percent would decrease from 100% to 50%, but only represent a change of one inspection. When a program did not have any establishments of a specific type, for example they did not have any manufactured home parks in their jurisdiction, we note that as not applicable, or "n/a."
