Disclaimer

All data in the grants database is public data.

All applications submitted in response to this RFP will become property of the State. In accordance with [Minn. Stat. § 13.599](#), all applications and their contents are private or nonpublic until the applications are opened.

Once the applications are opened, the name and address of each applicant and the amount requested is public. All other data in an application is private or nonpublic data until completion of the evaluation process, which is defined by statute as when MDH has completed negotiating the grant agreement with the selected applicant.

Please note that as we continue to improve Fluxx, what you see in Fluxx may be different than what you see in this Fluxx Login guide.

Your Account

You will need an account to access the grantee portal even if someone else with your PWS has a registered account. This requires a different email than any accounts that have been previously registered.

Navigate to mdh.fluxx.io to begin registration.

Register Account

If you haven't used the portal before, you will need to register an account. You can do this by clicking "create account" on the lower right side of the screen.

New to the Online Portal?

Create Your Organizational Profile

To be considered for funding for a Source Water Protection grant (Competitive, Plan Implementation, or Transient) you must first register by clicking the "Create Account" button below.

You will then receive an automated email notification with the login information granting you access to the portal and our application forms. Should your funding application be successful, this portal will give you access to our reporting templates.
