Limited Dewatering Well Contractor Qualification Application

Constructing, repairing, and sealing dewatering wells in the state of Minnesota requires licensure by the Minnesota Department of Health (MDH).

It should be noted that a dewatering well is defined in Minnesota statutes as "a nonpotable well used to lower groundwater levels to allow for construction or use of underground space. A dewatering well does NOT include:

(1) A well or dewatering well 25 feet or less in depth for temporary dewatering during construction; or

(2) A well used to lower groundwater levels for control or removal of groundwater contamination."

The licensing process consists of three steps, to be completed in order:

1. Submitting a qualification application,
2. Passing a written examination, and
3. Submitting a license application.

In addition, each successful licensee will have to provide evidence of a corporate surety bond. A bond of $10,000 is required for applicants for a dewatering license. This license bond is required in addition to any other bonds that the licensee may hold (such as a bond for a plumbing business). Individuals licensed in multiple limited well contractor categories will need only one bond. Each licensed individual will also have to obtain two contact hours of continuing education from an MDH-provided or MDH-sponsored program, beginning in the first full year of licensure.

Carefully complete the application, and arrange to have the reference letters completed and returned to MDH, Well Management Section. An incomplete application or an improperly completed application will be returned to you and may cause a delay in the licensing process. Mail the application to the address listed at the top of the application.

You will be notified by mail when you are eligible to schedule the written examination. Study materials to aid you in preparation for the written examination will be sent to you with your notification to schedule the written examination. It is recommended that you read these materials carefully. You must pass the written examination within one year of being notified. You must then complete the licensing process within one year of passing the examination.

Should you have any questions, please contact the Well Management Section at 651-201-4591.

(Over)
Requirements

In accordance with Minnesota Statutes, section 103I.205, persons engaged in the business of **constructing, repairing, or sealing** of dewatering wells in the state of Minnesota you must be licensed by MDH.

According to Minnesota Rules, part 4725.0650, subpart 7, an applicant to be a representative for a limited well contractor licensed to **construct, repair, or seal** dewatering wells must have two years of experience. A year of experience is a year in which the applicant worked a minimum of 500 hours designing, constructing, or field supervising the construction, repair, or sealing of dewatering wells and designed, constructed, or field supervised the construction of a minimum of five dewatering wells.
Qualification Application for Certified Representative or Explorer Responsible Individual

Read and follow the enclosed Instruction Sheet.

1. Read the Tennessen Warning information on the last page.
2. Make check or money order payable to the Minnesota Department of Health (MDH) or pay by credit card using the enclosed Credit Card Payment Information form.
3. Returned checks are subject to a $30 fee per Minnesota Statutes, section 604.113, subdivision 2(a). Licenses that have been issued will be canceled.
4. Fees submitted with this application are nonrefundable per Minnesota Rules, part 4725.0350, subpart 3.
5. Mail completed application, payment, and supporting documentation to MDH’s address listed above.

Well Management Section Certification Types
Designate the type of certification for which you are applying by putting an "X" in the appropriate square. A separate application must be filled out and submitted for each certification request.

- $75 Bored Geothermal Heat Exchanger Contractor (233)
- $75 Dewatering Well Contractor (211)
- $75 Elevator Boring Contractor (221)
- $75 Environmental Well Contractor (362)
- $75 Explorer Responsible Individual (225)
- $75 Pump, Pitless, and Screen Contractor (365)
- $75 Well Sealing Contractor (251)
- $75 Well Contractor (253)

Arrange for the three attached reference letters to be sent to the Minnesota Department of Health by those listed above. All three letters must be received before your application is reviewed.
Reference Letter — Limited Dewatering Well Contractor

To __________________________________________ Name of Applicant ______________________________

The individual above has made application to the Minnesota Department of Health (MDH) to qualify for a limited well contractor license to construct, repair, and seal dewatering wells. The applicant has listed your name as an individual familiar with the applicant’s work and character. In accordance with Minnesota Statutes, section 103I.205, no person may construct dewatering wells deeper than 25 feet without possession of a well contractor license from MDH. Answers to the following questions are important on behalf of the applicant. Answer all questions to the best of your ability. **Type or print in ink and return this questionnaire promptly to the address listed above.** Providing false information about the applicant may result in enforcement actions being taken against you.

1. How many years has the applicant been involved in the business of construction, repair, or sealing of dewatering wells? .................................................. _____ Years _____ Months

2. Has the applicant been employed by you for work constructing, repairing, or sealing dewatering wells? .................................................. ☐ Yes ☐ No

3. If you answered yes to Number 2, how long was the applicant employed by you? ........................................................................... _____ Years _____ Months

4. In your judgment, is the applicant qualified to be licensed for the above activities (please explain below)? ........................................................................... ☐ Yes ☐ No

5. Did the applicant personally construct, repair, or seal wells for you or your company? ........................................................................... ☐ Yes ☐ No

6. Was the work satisfactory? ........................................................................... ☐ Yes ☐ No

7. May we contact you by phone? ☐ Yes ☐ No Telephone Number ____________________________ (include area code)
