

The Minnesota Department of Health is investigating exposures to synthetic drugs. We ask you to ask patients:

- Are you now or have you recently used synthetic drugs (such as synthetic marijuana, bath salts, or other substances)?
 - What have you used (ask for brand name)?
 - How did you use it; and where did you get it?

Some cases have been associated with bleeding, product may have been contaminated with an anti-coagulant.

Exposure to Synthetics?

Please call Poison Center

to report every suspect case in Minnesota: **1-800-222-1222**
