

# eSHARE:

## Electronic System for the Health Assessment of Refugees

New, web-based application designed by the Refugee Health Program for collecting refugee health screening results and conducting disease surveillance activities.

eSHARE allows users to:

- \* Electronically view notifications of new refugee arrivals.
- \* Directly submit domestic health screening results – moving to a paperless reporting system.
- \* Access demographic and health summary reports by county or the state as a whole.
- \* Work with a unique, user-friendly electronic surveillance tool.
- \* Enhance capacity in Minnesota for conducting timely disease surveillance.

### A Safe and Secure System

- \* Registered username and password required to enter system.
- \* User levels limit access to patient information based on agency and service area (i.e. medical clinic, LPH, or MDH).
- \* Available through internet access with any java script enabled browser (e.g., Internet Explorer or Firefox).

Technical and training support for eSHARE is provided by the MDH Refugee Health Program.

If your agency is interested in learning more about eSHARE, please contact Blain Mamo at [blain.mamo@state.mn.us](mailto:blain.mamo@state.mn.us) or 651-201-5535.

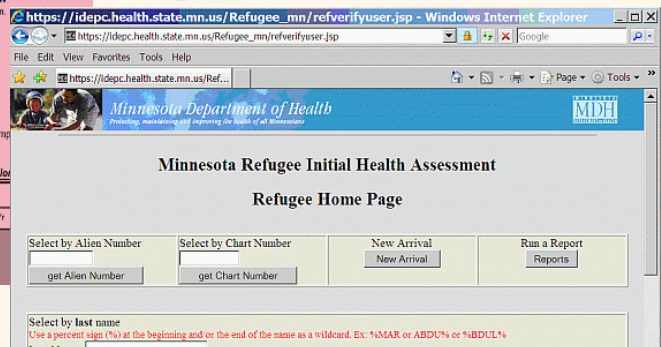

**MINNESOTA INITIAL REFUGEE HEALTH ASSESSMENT FORM**  
Return completed form, preferably within 30 days of U.S. date of arrival, to address on reverse side of this form.

**Name** (last, first, middle): \_\_\_\_\_ **Arrival Status:** \_\_\_\_\_  
**Date of Birth** (month, day, year): \_\_\_\_\_ **Gender:** \_\_\_\_\_  
**Alien or Visa Registration #:** \_\_\_\_\_ **Volag:** \_\_\_\_\_  
**U.S. Arrival Date:** (month, day, year): \_\_\_\_\_ **Country of Origin:** \_\_\_\_\_  
**TB Class A or B Status:** \_\_\_\_\_  
**Date of First Clinic Visit for Screening** (month, day, year): \_\_\_\_/\_\_\_\_/\_\_\_\_

**Immunization Record:** Review overseas medical exam (OF-157) if available and document immunization dates. For measles, mump, varicella: indicate if there is lab evidence of immunity; if so, immunizations are not needed against that particular disease. For all other immunizations: update series, or begin primary series if no immunization dates are found.  Overseas immunization
