Pine County

Commercial Tobacco Profile

Youth commercial tobacco use

Pine County's 9th and 11th grade students compared with Minnesota students, 2022

Statewide disparities in youth commercial tobacco use

Percent of Minnesota students who used any commercial tobacco products, grades 8, 9, and 11, 2022 72.1% 24.7% 22.7% 18.7% 15.9% 15.0% 13.9% 11.1% 10.4% 9.1% 9.0% 7.6% 4.1% White Binge Drinking American Indian Middle Eastern Asians and North Africans Asian Economic Hardships Suicidal Thoughts Bi/gay/lesbian **Greater Minnesota** Hispanic Black Vative Hawaiian/ Pacific Islander Multi-Racial

Significant disparities remain among populations historically targeted by the Tobacco Industry.

Local action for effective commercial tobacco prevention

The Minnesota Department of Health supports community driven solutions to prevent youth from starting and to help people quit. Minnesota communities are working to:

- Raise the minimum tobacco sales age to 21 and remove purchase, use and possession penalties.
- Restrict the sale of menthol and flavored products.
- Increase product prices.
- Provide free support to quit.
- Promote smoke- and commercial-tobacco-free environments.
- Engage youth as essential partners.

Among retailers assessed in Pine County				How the tobacco industry targets communities	
	All	sold flavored commercial tobacco	•	•	Using fruit, candy, menthol, and other flavors, as well as eye-catching packaging, to attract new users.
IENTHOL	Almost all	sold menthol cigarettes		•	Marketing products on social media and through influencers and event sponsorships Designing products with extreme concentrations of nicotine, which is highly addictive and can harm brain development and mental health as teens grow. Selling products near places youth frequent, like convenience stores, schools, community
	2 in 5	sold e-cigarettes in more than 10 flavors		•	
	3 in 4	sold single cigarillos		 Promoting products in ways that are easily visible to children, like on store countertop and within three feet of the floor and near candy displays. 	centers, libraries, and parks.
