Adults smoke cigarettes

1 in 6
commercial
tobacco-related
deaths

\$824
per person in
excess medical
costs

\$983
tax burden per
household

Population

Youth	37,290
Adults	123,115
Total residents	160,405

Youth commercial tobacco use

Stearns County's 9th and 11th grade students compared with Minnesota students, 2022

Statewide disparities in youth commercial tobacco use

Percent of Minnesota students who used any commercial tobacco products, grades 8, 9, and 11, 2022

Significant disparities remain among populations historically targeted by the Tobacco Industry.

Local action for effective commercial tobacco prevention

The Minnesota Department of Health supports community driven solutions to prevent youth from starting and to help people quit.

Minnesota communities are working to:

- Raise the minimum tobacco sales age to 21 and remove purchase, use and possession penalties.
- Restrict the sale of menthol and flavored products.
- Increase product prices.
- Provide free support to quit.
- Promote smoke- and commercial-tobacco-free environments.
- Engage youth as essential partners.

Among retailers assessed in Minnesota

9 in 10

sold flavored commercial tobacco

9 in 10

sold menthol cigarettes

Half

sold e-cigarettes in more than 10 flavors

4 in 5

sold single cigarillos

Half

sold commercial tobacco at discount prices

How the tobacco industry targets communities

- Using fruit, candy, menthol, and other flavors, as well as eye-catching packaging, to attract new users.
- Marketing products on social media and through influencers and event sponsorships
- Designing products with extreme concentrations of nicotine, which is highly addictive and can harm brain development and mental health as teens grow.
- Selling products near places youth frequent, like convenience stores, schools, community centers, libraries, and parks.
- Promoting products in ways that are easily visible to children, like on store countertops and within three feet of the floor and near candy displays.
- Keeping prices low by offering coupons, buy-one-get-one deals, and other discounts.
