

Decision Trees to Determine Eligibility for Sage Screening Programs

Women 21 years and older and less than 40 years

Income Guidelines

First Path: A woman 21 years and older and less than 40 years with an income greater than 250% of the federal poverty level is ineligible (not eligible) for Sage screening services.

Insured

Second Path: A woman 21 years and older and less than 40 years with an income less than 250% of the federal poverty level that has insurance with no copays and or deductibles is ineligible (not eligible) for Sage screening services.

Third Path: A woman 21 years and older and less than 40 years with an income less than 250% of the federal poverty level that has insurance with copays and or deductibles meets Sage income and insurance criteria; therefore, she can select either the breast cancer screening or cervical cancer screening eligibility path.

Uninsured

Fourth Path: A woman 21 years and older and less than 40 years with an income less than 250% of the federal poverty level who is uninsured (does not have health insurance) meets Sage income and insurance criteria; therefore, she can select either the breast cancer screening or cervical cancer screening eligibility path.

Breast Cancer Screening

Fifth Path: If a woman 21 years and older and less than 40 years is high risk for breast cancer (has a family history of breast cancer such as a parent, sibling, or child) or has breast cancer symptoms (lump, nipple discharge, etc.), she is eligible to have Sage cover her breast cancer screening costs.

Sixth Path: If a woman 21 years and older and less than 40 years is not high risk for breast cancer, Sage will not cover her breast cancer screening costs.

Cervical Cancer Screening

Seventh Path: Regardless of whether a woman 21 years and older and less than 40 years is high risk or not high risk for cervical cancer, Sage will cover her cervical cancer screening costs.

Women 40 years and older and less than 65 years

Income Guidelines

First Path: A woman 40 years and older and less than 65 years with an income greater than 250% of the federal poverty level is ineligible (not eligible) for Sage screening services.

Insured

Second Path: A woman 40 years and older and less than 65 years with an income less than 250% of the federal poverty level and with insurance that has no copays and or deductibles is ineligible (not eligible) for Sage screening services.

Third Path: A woman 40 years and older and less than 65 years with an income less than 250% of the federal poverty level and with insurance that has copays and or deductibles meets Sage income and insurance criteria; therefore, she can select either the breast cancer screening or cervical cancer screening eligibility path.

Uninsured

Fourth Path: A woman 40 years and older and less than 65 years with an income less than 250% of the federal poverty level who is uninsured (does not have health insurance) meets Sage income and insurance criteria; therefore, she can select the breast cancer screening and/or cervical cancer screening eligibility path.

Breast Cancer Screening

Fifth Path: Sage will cover the costs for breast cancer screening.

Cervical Cancer Screening

Sixth Path: Sage will cover the costs for cervical cancer screening.

Women greater than 65 years of age

Income Guidelines

First Path: A woman over 65 years of age with an income greater than 250% of the federal poverty level is ineligible (not eligible) for Sage screening services.

Insured

Second Path: A woman over 65 years of age with an income less than 250% of the federal poverty level who has insurance with no copays and/or deductibles is ineligible (not eligible) for Sage screening services.

Third Path: A woman over 65 years of age with an income less than 250% of the federal poverty level who has insurance with copays and/or deductibles meets Sage income and insurance criteria and can select the breast cancer screening and/or cervical cancer screening eligibility path.

Breast Cancer Screening

Fourth Path: When a woman over 65 years of age meets Sage income and insurance criteria, Sage will cover her breast cancer screening costs regardless of whether she is high risk or not high risk.

Cervical Cancer Screening

Fifth Path: Regardless of being high risk or not high risk for cervical cancer, Sage will not cover cervical cancer screening costs for a woman over 65 years of age.

Woman less than 21 years of age

Income Guidelines

First Path: A woman under 21 years of age with an income greater than 250% of the federal poverty level is ineligible (not eligible) for Sage screening services.

Insured

Second Path: A woman under 21 years of age with an income less than 250% of the federal poverty level who is insured and has no copays and or deductibles is ineligible (not eligible) for Sage screening services.

Third Path: A woman under 21 years of age with an income less than 250% of the federal poverty level who is insured and has copays and or deductibles meets Sage income and insurance criteria and can select the breast cancer screening and/or cervical cancer screening eligibility path.

Uninsured

Fourth Path: A woman under 21 years of age with an income less than 250% of the federal poverty level who is uninsured (does not have health insurance) and meets Sage income and insurance criteria can select the breast cancer screening or cervical cancer screening eligibility path.

Breast Cancer Screening

Fourth Path: Regardless of being high risk or not high risk for breast cancer, Sage will not cover breast cancer screening costs for a woman under 21 years of age.

Cervical Cancer Screening

Fifth Path: Regardless of being high risk or not high risk for cervical cancer, Sage will not cover cervical cancer screening costs for a woman under 21 years of age.
