

PSA - Johnson & Johnson is a One and Done Shot

TRANSCRIPT

[upbeat music]

[Dr. Chomilo] Hi. I'm Dr. Nathan Chomlio.

The Johnson & Johnson vaccine is a great one-and-done shot!

It is very good at preventing severe disease, hospitalizations, and death from COVID-19. COVID-19 vaccines are safe, and they are important tools to help end the COVID-19 pandemic.
