

What to expect: Visiting a COVID-19 State Vaccination Site Transcript

[pleasant music]

[Parking Greeter] Good morning! Do you have appointments today?

[Onscreen Text] Yes, we have appointments.

[Parking Greeter] Yes, you have appointments, very well. Are both of you over the age of 18.

[Onscreen Text] Yes, we are older than 18.

[Parking Greeter] Alright. Do either of you have disability issues, mobility problems or problem walking?

[Onscreen Text] No

[Parking Greeter] Alright. What's going to happen is you're going to go straight forward. The people in orange are going to show you where to park. Once you park, you're going to go into the big tent. Have a lovely day.

[pleasant music]

[Outside Greeter] Place this overtop of your current mask. Have your barcode ready. In the tent to your right.

[pleasant music]

[Onscreen Text] All state vaccination sites have language assistance available.

[Inside Staff] How are you doing ma'am? Can I see your barcode for your appointment? Okay if you head down this way. They'll take care of you over there and assign you to the table.

[pleasant music]

[Lane Staff] How you guys doing, you guys ready, you excited? Alright, so this is going to be super simple. You don't need your barcode anymore, we're just going to go ahead and we're gonna pull it up by your phone number. So when you're ready we're gonna send you down to lane one.

[pleasant music]

[Check-in Staff] Hi, good morning. Can I get the phone number you registered with? Can I get you to verify your name and date of birth? Is this your first dose?

[Onscreen Text] Yes

[Check-in Staff] Are you experiencing any COVID symptoms today?

[Onscreen Text] No

[Check-in Staff] Have you been exposed to anybody with COVID in the last 14 days?

[Onscreen Text] No

[Check-in Staff] Here's some information on the vaccine if you'd like to take one with you and she'll let you know where to go.

[Inside staff] Hello ma'am good morning. If you can follow me.

[pleasant music]

[Vaccination Staff] Can I get you to verify your full name and your date of birth please? I just got a couple questions for you real quick. My name is Sean Skinner, I'm going to be giving you your vaccine today. Have you been vaccinated in the last 14 days?

[Onscreen Text] No

[Vaccination Staff] Do you have any cold or flu-like symptoms?

[Onscreen Text] No

[Onscreen Text] You'll also be asked about any allergies or past allergic reactions to vaccines.

[Vaccination Staff] And then do you have any questions at all?

[Onscreen Text] Is it going to hurt?

[Vaccination Staff] You're probably not going to feel anything, if you do it's going to feel less than a pinch. You can go ahead and expose your left shoulder for me.

[Onscreen Text] Before you know it you're done!

[Vaccination Staff] So this is your vaccination card. What you're going to do is you're going to fill out your information up here and you're going to make sure that you're going to bring this with you for your second dose. This is where they'll document your second dose at. Right now you're going to go -- head over there to the observation area behind the black curtain. So you're going to wait there for 15 minutes and then you're good to go after that!

[pleasant music]

[Observation Staff] Hey, good morning! Please grab any chair on this side. You're going to time yourself for 15 minutes. Raise your hand if you have any questions, concerns. And when you're done with the 15 minutes, your exit is to the left.

[pleasant music]

[Onscreen Text] 15 minutes later.

[pleasant music]

[Onscreen text] Take a selfie at the Selfie Station! Post it on social media with #RollUpYourSleevesMN.

[pleasant music]

[Onscreen Text] Schedule a COVID-19 vaccine appointment today! [Vaccineconnector.mn.gov](https://vaccineconnector.mn.gov) or call 833-431-2053 (Mon-Fri 9 a.m. – 7 p.m., Sat 10 a.m. – 6 p.m.)
