7/14/2021

Minnesotans are urged to get vaccinated against COVID-19 with the Pfizer vaccine.

The Pfizer vaccine is widely accepted, and many health care providers are vaccinating patients.

The Pfizer vaccine is considered safe and effective.

The following are some considerations:

- It is important to keep your appointment on schedule.
- If you have any side effects, please contact the provider.
- If you develop a fever or other symptoms, please contact your health care provider.
- Additional information can be found at the following websites:
  - Allina Health: www.allinahealth.org/coronavirus-covid-19/vaccines
  - HealthPartners/Park Nicollet: www.healthpartners.com/covid-19/vaccine-faqs/
  - Hennepin Healthcare: www.hennepinhealthcare.org/covid-19-vaccine-information
  - M Health Fairview: www.mhealthfairview.org/covid19/covid19-vaccine
