Guidance for Vehicle Gatherings, Parades, and Drive-ins

2/12/2021

Executive Order (EO) 21-07 will go into effect Saturday, Feb. 13 at 12:00 p.m. (noon) and does not have an end date. Organizers of vehicle gatherings, parades, and drive-ins must continue to comply with the requirements set forth in EO 21-01, as amended by EO 21-07, along with the requirements provided in this document, to mitigate the risk of transmission of COVID-19.

Updates to this guidance update capacity limits for vehicle gatherings on page 2.

Holding car gatherings for events is one way to participate and show support to each other and still avoid close contact with others. Car gatherings are events and activities primarily held in vehicles, such as parking lot gatherings, vehicle parades, and drive-ins. This guidance is for organizers of vehicle gatherings to use when planning a vehicle event. Organizers should consider what accommodations can be made to ensure equitable participation (e.g., people without access to a vehicle).

EO 21-01 as amended by EO 21-07

The full executive order (EO) with all requirements can be found at Executive Orders from Governor Walz (https://mn.gov/governor/news/executiveorders.jsp).

- **Social gatherings limited.** Social gatherings are limited as described on Stay Safe in Social Gatherings (https://staysafe.mn.gov/individuals-families/social-gatherings.jsp). Most commercial activities are not considered social gatherings, so this change will not impact most industries.

- **Businesses and activities are affected differently.** For a full listing of all business and activity requirements and limitations, see the full executive order at Executive Orders from Governor Walz (https://mn.gov/governor/news/executiveorders.jsp). Please review the guidance below for industry-specific requirements.

- **Masks and face coverings required.** EO 20-81, requiring face coverings in certain settings, remains in full force and effect except as modified by EO 21-01 and EO 21-07.

- **People at higher risk.** All people currently living within the State of Minnesota who are at higher risk of severe illness from COVID-19, as defined by Executive Order 20-55, are strongly urged to stay at home or in their place of residence and follow the provisions of Executive Order 20-55.
Work from home. All people who can work from home must continue to do so.

**Guidance for Vehicle Gatherings, Parades, and Drive-ins**

- If attendees remain in their vehicles (aside from restroom use) for the entire gathering, capacity of vehicle gatherings is not limited, and the restrictions on food and beverage service and consumption in venues during certain hours do not apply. If attendees are otherwise allowed to leave their vehicles, the event must adhere to the [Stay Safe Guidance for Entertainment and Meeting Venues](https://staysafe.mn.gov/industry-guidance/entertainment.jsp), including capacity limitations.
- Face coverings must be worn when leaving vehicles to use the restroom.
- Social distancing must be maintained between members of different households when riding in a vehicle. Consistent with the restrictions on social gatherings in EO 21-01 as amended by EO 21-07, occupancy in any one vehicle must not exceed members from two different households, up to 10 people.
- Any service of food, beverage, merchandise, and other goods must be offered to patrons and spectators in a way that permits patrons and spectators to remain within their vehicles.
- If vehicle windows are open, masks must be worn by the people in the vehicle.

**Requirements**

- **Preparedness Plan:** All businesses, organizations, and venues where gatherings take place are required to develop and implement an event specific COVID-19 Preparedness Plan in accordance with the guidance below, and other applicable guidance on Stay Safe Minnesota (staysafe.mn.gov). This plan must be displayed prominently and available to workers and attendees. Vendors servicing one event may collectively agree to one comprehensive plan, if they so choose.

- **Masks and face coverings:** As of July 25, 2020, people in Minnesota are required to wear a face covering in all indoor businesses and public indoor spaces, per Executive Order 20-81. Additionally, the Executive Order requires workers to wear a face covering when working outdoors in situations where social distancing cannot be maintained. The Executive Order includes exemptions for people who are unable to wear or tolerate a face covering due to medical or mental health conditions or other reasons. There are also situations in which a face covering may be temporarily removed, such as when eating or drinking, provided that social distancing is maintained between members of different parties. Businesses and venues may choose to have more protective requirements than those in the Executive Order.

  For more information about the Executive Order and face covering requirements, see [Masks and Face Coverings](www.health.state.mn.us/diseases/coronavirus/prevention.html#masks).

**Managing the event**

- Create a traffic flow plan for how vehicles enter and exit the event.
- Maintain a distance of at least 6 feet between vehicles with open windows.
- Provide symptom screening for anyone working at the event.
Post signage outlining established protocols at the venue entrance, near restrooms, and in areas where people may be standing in line.

Provide controlled flow of participants as much as possible, including upon start and at end of the event.

Live music is allowed but carries special risks. Performers must maintain social distancing, even during performance. These activities must also follow the requirements of the guidance for Music Activities and Performances During COVID-19 (www.health.state.mn.us/diseases/coronavirus/musicguide.pdf).

Limit the number of speakers and make arrangements so that they maintain distance from others. Whenever possible, provide individual microphones for multiple speakers. If a microphone must be shared, consider cleaning between speakers or leaving it untouched on a stand.

Restrooms

Face coverings are required in restrooms.

Mark areas where people may need to line up to ensure social distancing.

Provide an ample supply of hand sanitizer or soap and water.

Clean facilities regularly following the cleaning and disinfection protocol in the Stay Safe Guidance for All Business Entities (https://staysafe.mn.gov/industry-guidance/all-businesses.jsp).

Ensure the maximum number of guests allowed in the restroom is limited to ensure social distancing.

Recommendations

Consider providing screening for participants. Send communication prior to the event to inform staff and participants that anyone with COVID-19 symptoms (cough, fever, shortness of breath, etc.) is not advised to attend. See the Visitor and Employee Health Screening Checklist (www.health.state.mn.us/diseases/coronavirus/facilityhlthscreen.pdf).

Discourage those who are “high risk” from attending. Consider offering a virtual option.

Avoid excessive vehicle idling and exposure to exhaust fumes.

Ceremonies

Avoid passing of objects or physical contact between persons in different vehicles.

If objects are passed from event organizers to car attendees, utilize a long arm claw or other mechanism to maintain adequate distance between organizers and attendees.

Summary

We all have a role to play in protecting ourselves and fellow Minnesotans from COVID-19. By following current Executive Orders from Governor Walz (https://mn.gov/governor/news/executiveorders.jsp) and guidelines at Stay Safe Minnesota (https://staysafe.mn.gov), we can enjoy activities and events while supporting public health, slowing the spread of COVID-19, and minimizing added strain on local communities and health care systems in Minnesota.
