Pregnancy and parental leave

PREGNANCY AND PARENTAL LEAVE

Employees may take up to 12 weeks of unpaid leave during pregnancy or upon the birth or adoption of their child. Employees are eligible for this leave regardless of the size of their employer and the amount of time for which they have worked for the employer.

When does the pregnancy and parental leave start?

- The leave must be taken within 12 months of the birth or adoption.
- Employees must request the leave from their employer.
- Employees can choose when the leave will begin.
- Employers can adopt reasonable policies about when requests for leave must be made.

FREQUENTLY ASKED QUESTIONS

What can count against my pregnancy and parental leave?

If you have paid leave, including sick leave or paid vacation, pregnancy and parental leave can be reduced so the total leave (pregnancy and parental plus paid leave) is not more than 12 weeks. Leave taken for prenatal care may not count against pregnancy and parental leave. If you qualify for both federal Family and Medical Leave Act (FMLA) and pregnancy or parental leave, you only have a right to 12 weeks of leave in total for childbirth or adoption of a child and any other pregnancy-related leave. You may be entitled to additional leave under FMLA for a non-pregnancy related serious health condition. If you have questions about FMLA, contact the U.S. Department of Labor at 612-370-3341 or dol.gov/whd/fmla.

Does Minnesota offer paid family and medical leave?

Minnesota's paid family and medical leave law, which provides paid time off during or following a pregnancy, goes into effect Jan. 1, 2026. Find more information at mn.gov/deed/paidleave.

Does my employer have to continue my benefits during the leave?

Yes. Employees on pregnancy and parental leave are entitled to the same coverage and employer contribution as if they were not on leave.

Do I get my job back when I return from leave?

Yes. You are entitled to employment in your former position or one with comparable duties, hours and pay. You are also entitled to the same benefits and seniority you had before the leave. You may return to part-time work during the leave without forfeiting the right to return to full-time work at the end of the leave. It is against the law for your employer to retaliate, or take negative action, against you for requesting or taking a leave.

What is MinneStories?

We record and share families' stories about their own, personal experience of being impacted by newborn screening. Through the power of storytelling, we seek to inspire hope and build community through shared experiences.

Why listen?

In an overwhelming and new situation, these stories can help you hear how others have navigated similar paths.

Where can I listen?

You can listen to MinneStories on our website:

"We have never made the time to sit and talk about [our son's] hearing loss the way we did yesterday, so it was actually a great experience and pretty eye opening for us."

-Mother of child with confirmed hearing loss

Why would you want my MinneStory?

Every family has a unique story to tell, especially families of children with a condition that can be identified through newborn screening. Your story may be what another family needs to hear to feel empowered, strengthened, and hopeful.

Everyone has a story to tell. We want yours!
