

## Long-Term Care Facility Influenza and RSV Report Form, 2018-19

Submit this report when an influenza or RSV outbreak is suspected in your long-term care (LTC) facility. Send to Karen Martin by email ([karen.martin@state.mn.us](mailto:karen.martin@state.mn.us)) or fax (651-201-4820).

The definition of an outbreak is one laboratory-confirmed influenza or RSV positive case along with other cases of respiratory illness in a unit. For long-term care guidance, see [Long-Term Care: Influenza](http://www.health.state.mn.us/divs/idepc/diseases/flu/ltc/) ([www.health.state.mn.us/divs/idepc/diseases/flu/ltc/](http://www.health.state.mn.us/divs/idepc/diseases/flu/ltc/)).

**Submitting this report is sufficient for reporting an outbreak.** If you have questions regarding the control of influenza or RSV in your long-term care facility, please call 651-201-5414 or 1-877-676-5414.

### Facility information

Facility name:	Date reported:
City:	County:
Skilled nursing facility:    Yes    No	Number of residents with respiratory illness:

### Reporter information

Name of reporter:	Phone number:
Email:	Fax number:

### Influenza and RSV testing

	Number tested	Number positive	Testing method	Onset date of first case(s)
Flu				
RSV				

### Antivirals and vaccination for influenza

Treatment with antivirals:    Yes    No	Prophylaxis with antivirals:    Yes    No
Antiviral type:	
Estimated influenza vaccination rates of residents and staff:    Residents:        Staff:	

### Hospitalizations and deaths

Any residents hospitalized with influenza or RSV?    Yes    No
If yes for influenza, fill out and send to MDH a <a href="http://www.health.state.mn.us/divs/idepc/dtopics/reportable/forms/reptcard.html">Disease Report Card</a> ( <a href="http://www.health.state.mn.us/divs/idepc/dtopics/reportable/forms/reptcard.html">www.health.state.mn.us/divs/idepc/dtopics/reportable/forms/reptcard.html</a> ) for each hospitalized resident as well as any subsequent influenza-related hospitalizations.
Any residents with influenza or RSV die?    Yes    No
If yes for influenza, fill out and send to MDH a <a href="http://www.health.state.mn.us/divs/idepc/dtopics/reportable/forms/reptcard.html">Disease Report Card</a> ( <a href="http://www.health.state.mn.us/divs/idepc/dtopics/reportable/forms/reptcard.html">www.health.state.mn.us/divs/idepc/dtopics/reportable/forms/reptcard.html</a> ) for each resident that died as well as any subsequent influenza-related deaths.
