

PROTECT YOURSELF FROM MPOX

Know the signs

Pimples, rash, bumps

Fever/chills

Muscle aches/fatigue

Swollen lymph nodes

Know the risks

Close skin-to-skin contact

Respiratory droplets from
face-to-face contact

Sharing bedding, clothing, towels,
toothbrushes, dishes

Know what to do

Wash your hands with soap and
water or alcohol-based sanitizer

Avoid skin-to-skin contact with
someone who may have mpox

Do not share bedding, towels,
clothing, or other things used by
someone with mpox

Think you have mpox?

Avoid close contact with others and reach out to a health care provider.

Vaccines are available!

To find out if you are eligible for the monkeypox vaccine and where your closest vaccine provider is located, scan the QR code or contact 651-201-5414.
