FINDINGS OF FACT

1. On April 7, 2014, Derrick Wetenkamp (hereinafter “Technician”) was issued a full body art technician license. The body art technician license, #310979, expired on March 31, 2016.

2. In the body art technician license application, specifically question #6, it asked Technician which address would he like to receive correspondence from MDH. Technician circled “Employer.”

3. On January 15, 2016, MDH sent Technician a license renewal letter. Attached to the letter was a renewal application. On January 27, 2016, the letter was returned from the
postmaster as “Return to sender,” “Not deliverable as addressed,” and “Unable to forward.”

4. On March 31, 2016, Technician’s body art license expired.

5. On April 1, 2016, MDH sent Technician a failure to renew body art license letter. The letter reminded Technician not to provide body art services until his license was renewed. The letter came back from the post office as “Return to Sender,” “Not deliverable as addressed,” and “Unable to Forward.”

6. On April 28, 2016, Technician emailed MDH regarding his expired body art license. MDH replied back by advising Technician what he needed to do to renew his body art license.

7. On June 14, 2016, MDH received a body art technician license renewal application from Technician.

8. The application was deemed incomplete as Technician did not include the full amount for the application fee and a copy of his blood borne pathogen training certificate.

9. On July 20, 2016, MDH received the remaining application fee from Technician. However, Technician did not include a copy of his blood borne pathogen training certificate. Technician was advised, by email, that his application would not be processed until MDH has a copy of his certificate of completion for blood borne pathogens.

10. On December 2, 2016, credential staff sent a letter to Technician requesting the status of his blood borne pathogen training. The letter reminded Technician the license renewal process would not go forward until a copy of his blood borne pathogen certificate was received.

11. On January 25, 2017, Technician’s body art license was renewed.

13. On February 21, 2017, MDH received a response from Technician.

14. The response from Technician was not clear.

15. On March 6, 2017, MDH sent another letter to Technician. In the letter, MDH asked Technician if he provided unlicensed body art services from April 1, 2016 to August 5, 2016. MDH requested a response from Technician no later than April 7, 2017.

16. On April 4, 2017, MDH received a response from Technician.
17. In the response, Technician stated, “In closing I worked at and dates you questioned.” during the times

CONCLUSION

1. Technician did not comply with the requirements under Minnesota Statutes, section 146B.03, subdivision 1 (a), and section 146B.08, subdivision 3 (3), as he continued to practice body art after the expiration of his body art technician license on April 1, 2016 and before the renewal of his license.
