<b>1:40 – 2:05</b>	<b>2</b>	,
<b>2:10 – 2:35</b>	<b>3</b>	West Side
<b>2:35 – 3:00</b>	<b>BREAK</b>	---
<b>3:00 – 3:25</b>	<b>4</b>	CHI – St. Gabriel's
<b>3:30 – 4:00</b>	<b>5</b>	Essentia Health
<b>4:00 – 4:30</b>	<b>Round robin/networking/Q &amp;A</b>	Each team has a Station

# Minnesota Department of Health

## Mission:

Protecting, maintaining, and improving the health of all Minnesotans

## Vision:

The MDH vision is for health equity in Minnesota,  
where all communities are thriving and  
all people have what they need to be healthy.

# MDH CYSHN Program Mission Statement

Protect, promote, and improve the health of children and youth with special health needs and their families.

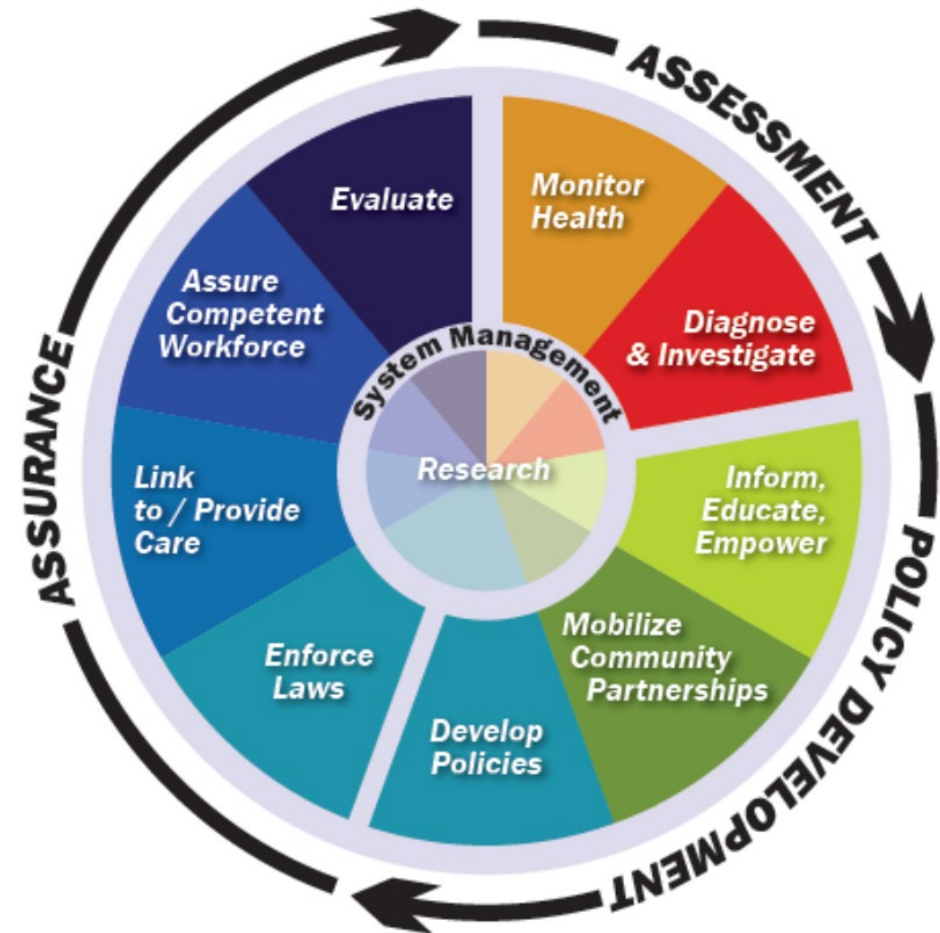

# CYSHN Program Responsibilities

## Responsibilities:

**ASSESS:** Monitor and report on the health and well-being of CYSHN.

**ASSURE:** Engage in the development, coordination, and support of state and local systems for CYSHN.

**POLICY DEVELOPMENT:** Serve in an advisory capacity to a variety of policy-making bodies to assure the interests of CYSHN are considered.

# Minnesota CYSHN Strategic Plan / Core Outcomes

# Care Coordination Quality Improvement Grants

*Implement strategies to  
advance the provision of  
effective, high performing  
care coordination  
for MN children & young adults*

Grant Period:

**Dec 1, 2017 – May 31, 2019**

# Care Coordination Key Elements : Focus Area Options

1. Needs assessment/continuing care coordination engagement
2. Care planning and communication
3. Facilitating care transition
4. Connecting with community resources and schools
5. Transition to adult care

# Care Coordination Quality Improvement Project

- Support implementation of best practices of care coordination services across the state
- Funding for primary and specialty care practices
- Plan & implement QI projects related to care coordination
- Pediatric and young adult population

Participants will

1. Identify QI activities that support children with special health care needs by improving coordination of care.
2. Review tools & strategies to consider implementing in their own setting.
3. Network and share learnings with others in MN.

*Upcoming Conference:*  
**Transforming Care and Experience for Children with Health Complexity**

**Thursday, June 20, 2019**  
**9:00 a.m. – 5:30 p.m.**  
**317 on Rice Park**  
**Event Center**

of Minnesota

## **Transforming Care and Experience for Children with Health Complexity**

This conference is for all persons caring for children with complex conditions including care coordinators, specialists, parents, pediatricians, primary care physicians, advanced practice providers and nurses as well as other health care professionals. Our overall conference goal is to advance the system of comprehensive, family-centered care coordination that supports families of children who have complex conditions.

### **Course Objectives**

At the completion of the course, participants should be able to:

- Promote shared plans of care as a tool to increase coordination of care across the child's providers and family
- Identify how to support families and providers to work as colleagues in the child's care
- Recognize services and support that families need to successfully care for child in the home

For full conference details and to register, visit our website.
