1. Name and Title of Person Submitting this Document:

| Carrier | Name Network | Network ID | Network Structure* |
| :---: | :---: | :---: | :---: |
| Blue Plus | Blue Plus Southeast MN Network | MNN007 | ACO |
| Name | Title | Date | Enrollees in Network |

2. By submitting this form, the above-referenced confirms:
A. That person submitting this request has personal knowledge of the network contracting process involved in this submission; and
B. That access cannot be met for the following provider type(s). Include the county and reason(s) for not meeting the requirements.

| Provider Type | County | Reason Code | Notes | Affected Enrollees* | Percent Total Enrollees Affected | Percent Not Covered* | Percent Available Providers Included |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| General Hospital facilities | Fillmore | 10 | Based on a review of Internal records and provider directories (between April 1-30, 2021) attained through resources such as Quest Analytics, Medicare Physician Compare and provider websites of several partners organizations including Mayo Clinic Hospitals, St Elizabeth's Medical Center and Winona Health Services, no General Hospitals are available to cover $100 \%$ of this county. These directories give us the most accurate and complete information when determining if a provider is available and offering these services. Quest Analytics is used by many health plans as well as Centers for Medicare and Medicaid Services (CMS) for determining network adequacy. Members can access hospital care at the facilities listed above in this county and neighboring counties. Blue Cross and Blue Plus members can access on-line provider directories showing the networks participating providers or call the Customer Service number found on the back of their ID card for provider network information. As a result, waivers are requested for the listed county <br> On a quarterly basis we have and will continue to assess network adequacy as new providers become available. We continue to use Quest Analytics, Medicare Physician Compare and provider websites to search for new providers. There were no new General Hospitals that opened in this region from Q1 2020 to Q1 2021. <br> Market providers will be approached in the summer of 2021 to determine if telemedicine, outreach clinics, or mobile health providers offer feasible, cost effective solutions for filling these network gaps. In 2020, Blue Cross Blue Shield of Minnesota has enhanced their Televideo Consultations/Telehealth/Telemedicine Services policy to support access to virtual care. | 11 | 15 | 15 | 0 |

## For additional rows, please see the "Additional" tab of this document. DO NOT add rows to this sheet.

For all reason codes, carriers must demonstrate with specific data that geographic access standards cannot be met. Carriers must state what steps were and will be taken to address network inadequacies (MN Statutes $\S 62 \mathrm{~K} .10$, subdivision 5 ).

Allowable Waiver Reason Codes and Guidelines for Initial Approval
Applications to waive the requirements in Minnesota Statutes $62 K .10$ Subd. 2 or 3 must fit one of the following reason codes. Waivers automatically expire after one year. The commissioner shall only approve a subsequent waiver application that satisfies the requirements in Minnesota Statutes 62K. 10 Subd. 5, demonstrates that the carrier took the steps it proposed to address network inadequacy and explains why the carrier continues to be unable to satisfy the requirements.

## Reason Code 1:

Carrier has conducted a search for providers and determined that, for each county in the plan service area, there are no providers physically present of the type requested in the waiver.

## Carriers must:

1. Provide a description of physical geography and/or other factors that affect the location of providers (as relevant)

Demonstrate consultation of at least two provider directories and/or data sources. Provide a description of the provider directories and/or data sources consulted
ncluding a brief explanation of why the sources are believed to be accurate and complete. Examples of acceptable provider directories and data sources include, but are not limited to:

$\frac{\text { Meicare Physician Compare }}{\text { Minesota Health Care Proarams Provider Directory }}$
d. Healthgrades
e. SAMHSA Behavioral Health Provider Directories
. National Institute of Health (NIH) U.S. National Library of Medicine MedlinePlus Directories
g. Quest Analytics

Primary Care, Pediatric Services (Primary Care), General Hospital and Mental Health provider types:
a. State the total number and percentage of estimated enrollees affected in the county not meeting
b. State how access will be provided for this provider type for enrollees of the affected county.

For example, does the carrier provide transportation services/vouchers, in-home care options, virtual care services, and/or telemedicine services?
If, in its waiver application, a health carrier demonstrates to the commissioner that there are no providers of a specific type or specialty in a county, the commissioner may approve a waiver in which
the health carrier is allowed to address network inadequacy in that county by providing for patient access to providers of that type or specialty via telemedicine

1. These services must meet the

These services must meet the definition of "telemedicine" in Minnesota Statutes
62A.671. subdivision 9 .
Carrier must describe the extent to which telemedicine services are available
a. How many network providers of telemedicine services are available
a. How many network providers of the impacted provider type have contracts to conduct/provide telemedicine services?
a. Assessment of availability must include consultation of at least two provider directories and/or data sources, as described in item 2 , above

## Reason Code 2

Provider does not meet carrier's credentialing requirements.

## Carriers must:

1. Cite the reason(s) provider does not meet credentialing requirements
2. For Primary Care, Pediatric Services (Primary Care), General Hospital, and Mental Health provider types
a. State the total number and percentage of estimated enrollees affected in the county not meeting the geographic standard as of the submission date of waiver. Select only one county per line care at in-network rates, provide transportation services/vouchers, in-home thected county. For example, does the carrier allow enrollees to receive out-of-network
i. If telemedicine is used to provide access:

62A.671, subdivision 9 -
2. $\frac{62 A .671, \text { subdivision } 9}{\text { Carrier must describe the extent to which telemedicine services are available }}$
a. How many network providers of the impacted provider type have contracts to conduct/provide telemedicine services?

## Reason Code 3

Carrier has made a good faith effort to contract with provider and provider has refused to accept a contract.

## Carriers must:

1. Cite the reason(s) provider state(s) for refusing contract(s)
2. For Primary Care, Pediatric Services (Primary Care), General Hospital and Mental Health provider types
a. State the total number and percentage of estimated enrollees affected in the county not meeting the geographic standard as of the submission date of waiver. Select only one county per line

State how access will be provided for this provider type for enrollees of the affected county. For example, does the carrier allow enrollees to receive out-of-network
i. If telemedicine is used to provide access:

1. These services must meet the definition of "telemedicine" in Minnesota Statutes
2. Cat.67, subidvision 9
a. How many ne extent to which telemedicine services are available

Reason Code 4:
Network is an Accountable Care Organization (ACO) or Narrow Network.
Carriers must:

1. Specify the network structure: Accountable Care Organization (ACO) or Narrow Network
a. If the network is an ACO, provide a brief description of the major health systems participating in the network
b. If the network is a narrow network, describe the features of the network that restrict access

For both ACOs and Narrow Networks, state what percentage of available Primary Care, Pediatric Services (Primary Care), General Hospital
2. State what, if any, steps are taken to inform enrollees of restricted access
3. State the total number of estimated enrollees in the network as of the submission date of the waiver
4. State why the geographic access standards cannot be met. Explain why full geographic access is not possible with this network design

State how access will be provided for this provider type for the enrollees of the affected county. For example, does the carrier allow enrollees to receive out-of-network care at in-network rates, provide transportation services/vouchers, in-home care options, virtual care services, and/or telemedicine services?

If telemedicine is used to provide access:

1. These services must meet the definition of telemedicine in Minnesota Statute
2. $\frac{62 A .671, \text { subdivision } 9}{\text { Carrier must describe the extent to which telemedicine services are available }}$
3. Carrier must describe the extent to which telemedicine services are available
a. How many network providers of the impacted provider type have contracts to conduct/provide telemedicine services?
4. For Primary Care, Pediatric Services (Primary Care), General Hospital and Mental Health provider types,
a. State the total number and percentage of estimated enrollees affected in the county not meeting the geographic standard as of the submission date of waiver. Select only one county per line b. State the estimated percentage of area in that county that is not covered

## Allowable Waiver Reason Codes and Guidelines for Subsequent Approval (Renewals)

in accordance with 62 K. 10 Subd. 5 (d), waivers will automatically expire after one year.

Carriers must:

1. Meet all of the requirements set forth for initial approval
2. Provide a description of how access was provided for affected enrollees in the last approval year

## Reason Code 4
