Cycle Start Date: September 6, 2019

Dear Administrator:

On September 6, 2019, survey was completed at your facility by the Minnesota Department(s) of Health to determine if your facility was in compliance with Federal participation requirements for skilled nursing facilities and/or nursing facilities participating in the Medicare and/or Medicaid programs.

This survey found the most serious deficiencies in your facility to be isolated deficiencies that constituted actual harm that was not immediate jeopardy (Level G) as evidenced by the electronically delivered CMS-2567, whereby significant corrections are required.

## REMEDIES

As a result of the survey findings and in accordance with survey and certification memo 16-31-NH, this Department is recommending that CMS impose a civil money penalty. You will receive a formal notice from the CMS RO only if CMS agrees with our recommendation.

- Civil money penalty. (42 CFR 488.430 through 488.444)

The fall incident report dated 8/23/19, indicated R1 fell at 5:25 p.m. when nursing assistant (NA)-A left R1 unattended on the toilet to retrieve an incontinent product from outside of the bathroom. When NA-A returned R1 was on the floor and was complaining of hip pain. The medical doctor (MD) was notified and an X-ray obtained. The report indicated R1 had sustained a mildly displaced left femoral neck fracture.
