RE: CCN: 245459
Survey Cycle Start Date: September 14, 2020

Dear Administrator:

On September 14, 2020 a survey was completed at your facility by the Minnesota Department of Health to investigate complaints to determine if your facility was in compliance with Federal participation requirements for skilled nursing facilities and/or nursing facilities participating in the Medicare and/or Medicaid programs. At the time of survey, the complaints were substantiated but no deficiencies were issued, because corrective action was taken prior to the survey. A plan of correction is not required.

Also at the time of this survey, the investigator also assessed compliance with Minnesota Department of Health Nursing Home Rules. The investigator from the Minnesota Department of Health, found no violations of these rules promulgated under Minnesota Statute § 144.653 and/or Minnesota Statute § 144A.10.

The Minnesota Department of Health is documenting the State Licensing Correction Orders using federal software. Please disregard the heading of the fourth column which states, "Provider's Plan of Correction." This applies to federal deficiencies only.

Electronically attached is your copy of the Federal CMS-2567 Form and State Form.

Please note it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body. Feel free to contact me if you have questions.

A handwritten signature in cursive script that reads "Alison Helm".

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
