This MN Requirement is not met as evidenced by: Based on observation, record review and interview, licensee failed to prepare a relocation plan that included documentation of considerations for the care needs, psychosocial impacts of moving, and accounting of resident's property, prior to initiating the transfer of one of one residents (R1) receiving assisted living services. R1 was transferred to the hospital temporarily while finding a new residence. Due to the resident's diagnoses, this violation had the potential to cause significant decline in the resident's physical and mental health.  This practice resulted in a level two violation (a violation that did not harm a resident's health or safety but had the potential to have harmed a resident's health or safety) and was issued at an isolated scope (when one or a limited number of residents are affected or one or a limited number of staff are involved, or the situation has occurred only occasionally).  The findings include:  Review of Minnesota Department of Health (MDH) documentation on April 17, 2023, indicated MDH had no record the licensee	01140
