

# State Rapid Response Investigative Public Report

*Office of Health Facility Complaints*

**Maltreatment Report #:** HL371974103M  
**Compliance #:** HL371976875C

**Date Concluded:** January 31, 2023

**Name, Address, and County of Licensee**

**Investigated:**

Unique Homes  
3940 46<sup>th</sup> Avenue North  
Robbinsdale, MN 55422  
Hennepin County

**Facility Type:** Assisted Living Facility (ALF)

**Evaluator's Name:** Peggy Boeck, RN  
Special Investigator

**Finding:** Substantiated, facility responsibility

**Nature of Visit:**

The Minnesota Department of Health investigated an allegation of maltreatment, in accordance with the Minnesota Reporting of Maltreatment of Vulnerable Adults Act, Minn. Stat. 626.557, and to evaluate compliance with applicable licensing standards for the provider type.

**Initial Investigation Allegation(s):**

The facility neglected to supervise two residents when one of the residents overdosed on unknown street drugs in the facility, and the next morning a second resident overdosed on unknown street drugs and died. It is alleged that staff were sleeping at the time of the second overdose.

**Investigative Findings and Conclusion:**

The Minnesota Department of Health determined neglect was substantiated. The facility was responsible for the maltreatment. The facility failed to implement staff interventions or follow-up with a nurse after the first resident (Resident #1) overdosed in the second resident's (Resident #2) room. Several hours after Resident 1 overdosed; Resident #2 overdosed and died. A facility staff stated the night staff was sleeping when they discovered Resident #2 unresponsive and not breathing.

The investigator conducted interviews with facility staff members, including administrative staff, nursing staff, and unlicensed staff. The investigator contacted law enforcement, the medical examiner, and family. The investigation included review of law enforcement reports, hospital records, resident records, personnel files, facility incidents, documents, policies, and procedures related to assessments, incidents, and maltreatment of vulnerable adults. Also, the investigator toured the facility on the night shift and observed staff/resident interactions.

Resident #1 lived in an assisted living facility with diagnoses including bipolar disorder and substance use disorder. Resident #1's service plan included assistance with medication administration, meals, laundry, housekeeping, safety checks, and management of mental health symptoms.

Resident #2 lived in the assisted living facility with diagnoses including substance abuse and schizoaffective disorder. Resident #2's service plan included assistance with medication administration, meals, laundry, housekeeping, safety checks, and management of mental health symptoms. Resident #2's care plan directed staff to conduct room checks if staff suspected Resident #2 used illicit drugs and report to the nurse, who would assess the resident.

A police report indicated officers arrived at the facility one evening due to a 911 call about an unresponsive person. The report indicated when the officers arrived, they observed Resident #1 on the floor in Resident #2's bedroom, and Resident #2 was performing chest compressions on Resident #1. The officer located a pulse but Resident #1 was not breathing. The officer administered Narcan (an emergency rescue medication used to reverse an overdose of opioids). The report indicated the resident came to and the paramedics arrived and transported Resident #1 to the hospital.

A progress note indicated Resident #1 returned to the facility during the night.

A police report indicated the next morning officers arrived at the facility due to another 911 call for an unresponsive person. The report indicated the arriving officers found Resident #2 on a couch, not breathing. The report indicated officers began cardiopulmonary resuscitation (CPR), and when paramedics arrived, they took over life saving measures, which were unsuccessful. The medical examiner pronounced Resident #2 deceased. The report indicated a glass pipe used for smoking meth and a rolled-up dollar bill were found in Resident #2's room. The report indicated the two cases (Residents #1 and #2 overdose) were linked and follow-up would be done for both.

During an interview, a staff member stated Resident #2 called 911 and performed CPR on Resident #1 until police and paramedics arrived. The staff stated Resident #2 said Resident #1 had smoked marijuana and meth (methamphetamine).

During an interview, a staff member who found Resident #2 stated when she arrived for her morning shift, the night shift staff was asleep on the couch. The staff member stated she was

told by an administrative staff to misrepresent her reason for being at the facility on the day Resident #2 died, if asked. The staff member surmised it was because her “fingerprints did not come back yet” and did not have a background study clearance to work alone.

During an interview, an administrative staff stated the facility leadership had a meeting that included the nurse after Resident #1’s overdose. The administrative staff stated the facility implemented two-hour safety checks after Resident #1 returned to the facility but could not provide evidence of safety check completion.

During an interview, the nurse stated staff did not notify her of Resident #1’s overdose, and she did not participate in a meeting with facility leadership. The nurse stated she did not find out about Resident #1’s overdose until after Resident #2’s death.

In conclusion, neglect was substantiated.

**Substantiated: Minnesota Statutes, section 626.5572, Subdivision 19.**

“**Substantiated**” means a preponderance of evidence shows that an act that meets the definition of maltreatment occurred.

**Neglect: Minnesota Statutes, section 626.5572, subdivision 17**

Neglect means neglect by a caregiver or self-neglect.

(a) "Caregiver neglect" means the failure or omission by a caregiver to supply a vulnerable adult with care or services, including but not limited to, food, clothing, shelter, health care, or supervision which is:

- (1) reasonable and necessary to obtain or maintain the vulnerable adult's physical or mental health or safety, considering the physical and mental capacity or dysfunction of the vulnerable adult; and
- (2) which is not the result of an accident or therapeutic conduct.

**Vulnerable Adult interviewed:** Resident #1 was interviewed, Resident #2 was deceased

**Family/Responsible Party interviewed:** Resident #1 declined to allow family contact; Resident #2’s family could not be reached.

**Alleged Perpetrator interviewed:** Not Applicable

**Action taken by facility:**

The facility provided CPR training to staff.

**Action taken by the Minnesota Department of Health:**

The responsible party will be notified of their right to appeal the maltreatment finding.

The facility was found to be in noncompliance. To view a copy of the Statement of Deficiencies and/or correction orders, please visit:

02310	<p>Continued From page 20</p> <p>lower level and found R2 unresponsive in a common area on a couch leaning towards the right with her face on a cushion. An officer tried to locate a pulse but did not. The officer indicated R2 was warm to the touch, so they moved R2 to the floor and began CPR. The report indicated paramedics arrived and took over life saving measures but were unsuccessful. Paramedics determined R2 deceased at 8:00 a.m. The report indicated the crime lab arrived to take crime scene photos, and the medical examiner arrived to take R2 to the medical examiner's office. The report indicated (unknown) staff advised the officers that the staff were going to search R2's bedroom for narcotics. The report indicated co-owner (CO)-H brought out to the squad car a glass bubble pipe (identified by an officer based on training and experience as known for smoking methamphetamine) and a rolled-up dollar bill, which officers took to the police department. The report recommended linking the two cases (R1 on December 12, 2022, and R2 on December 13, 2022) and follow them up together.</p> <p>During an interview on January 17, 2023, at 8:06 a.m., assisted living director (ALD)-A stated the program manager (PM)-F called ALD-A on December 12, 2022, to inform him R1 went to the hospital after an unresponsive episode that occurred in R2's room. ALD-A stated he met with PM-F and registered nurse (RN)-C at the facility the evening of December 12, 2022. ALD-A stated they discussed the incident and due to R2's history of illicit drug used, they searched R2's room for drugs or paraphernalia. ALD-A stated he believed the paramedics used Narcan to revive R1 who likely used illicit drugs. ALD-A stated they implemented safety checks every two hours. ALD-A could not provide documentation of the meeting noted above or of safety checks</p>	02310

02310	<p>Continued From page 21</p> <p>implemented. ALD-A stated he got another call from PM-F the next morning (December 13, 2022), to inform him that R2 also had an unresponsive episode. ALD-A stated when he got to the facility R2 was deceased. ALD-A stated they had another meeting (with RN-C, PM-F, and co-owner (CO)-I) to talk about what happened. ALD-A stated they interviewed the staff working overnight and searched R2's room, looking for "drug related" items. ALD-A stated the facility required all residents to sign a behavior contract (which included information that the facility had zero tolerance for alcohol or drug use and that anyone violating the policy would be asked to leave) but did not enforce the behavior contract.</p> <p>During an interview on January 18, 2023, at 12:55 p.m. RN-C stated she heard about R2's overdose from PM-F, who called her in the early morning of December 13, 2022. RN-C stated she responded to the facility and saw paramedics, police, and staff from the coroner's office. RN-C stated she was concerned about how long R2 had been deceased and when the last time a staff observed her. RN-C stated she learned at that time that R1 had an unresponsive episode around 8:00 p.m. the night before while in R2's room. RN-C stated staff did not call her and she did not attend a meeting after R1's incident. RN-C stated she did not know until the time of the interview that police revived R1 with Narcan. RN-C stated the facility knew that R2 had a history of illicit drug use, and someone should have informed RN-C of R1's unresponsive episode and need for Narcan earlier in the evening, especially since it occurred in R2's room. RN-C stated that if staff had called her regarding R1, R2 would be alive. RN-C stated if she knew about R1's incident, she would have directed staff to search R2's room, watch both R1 and R2 closely, and send R2 to the hospital for an</p>	02310

RN-C stated the staff were not medically trained and should have called the nurse.</p> <p>During an interview on January 19, 2023, at 9:00 a.m. program manager (PM)-F stated she received a call on December 12, 2022, from co-owner (CO)-I, who indicated R1 had collapsed in R2's room. PM-F stated by the time she arrived at the facility R1 was gone to the hospital. PM-F stated she looked in R1's room for drugs or paraphernalia. PM-F stated they did not call the nurse but did discuss having staff conduct hourly room checks on R1 when he returned from the hospital. PM-F stated they created a document to track room checks (the alleged document was not provided to the investigator).</p> <p>During an interview on January 19, 2022, at 10:55 a.m. R1's mental health case manager (CM)-G stated R1 had a history of illicit drug use, and the facility did not notify her of R1's incident on December 12, 2022. CM-G stated a hospital social worker informed CM-G of R1's hospitalization but received no details. CM-G stated she asked R1 about the incident several days later and R1 reported he had a seizure. CM-G stated if the facility had notified her, she would have provided R1 with additional support for substance use.</p> <p>During an interview on January 19, 2023, at 3:25 p.m. unlicensed personnel (ULP)-H stated she reported to the facility for work on December 13, 2022, at 7:00 a.m. ULP-H stated she entered the unlit facility at found the night staff (ULP)-J asleep on the couch on the main floor, covered up in a blanket. ULP-H stated she turned on the lights, told ULP-J to get up and made coffee. ULP-H stated she then went down to the lower level and</p>	02310

02310	Continued From page 23  saw someone on the couch. ULP-H stated she identified the person as R2 and attempted to wake R2 by calling her name and then shook R2's shoulder. ULP-H stated R2's arm was cold and R2 did not move so she ran upstairs. ULP-H stated she again yelled to ULP-J and told him to get up and help her, something was wrong with R2. ULP-H stated she called CO-I and ULP-J called PM-F and then one of them called 911. ULP-H stated lots of people showed up, like police and paramedics, and they declared R2 deceased.  The Assessments, Reviews, and Monitoring policy (undated) indicated the resident would receive a nursing assessment and monitoring as needed based on changes in the needs of the resident.  TIME PERIOD FOR CORRECTION: Two (2) days.	02310			
02360	144G.91 Subd. 8 Freedom from maltreatment  Residents have the right to be free from physical, sexual, and emotional abuse; neglect; financial exploitation; and all forms of maltreatment covered under the Vulnerable Adults Act.  This MN Requirement is not met as evidenced by: The facility failed to ensure 1 of 1 residents reviewed (R1) was free from maltreatment.  Findings include:  The Minnesota Department of Health (MDH) issued a determination maltreatment occurred, and the facility was responsible for the	02360	No Plan of Correction (PoC) required.
