Home Care Licensing Activities Modifications

HEALTH REGULATION DIVISION (HRD), HOME CARE AND ASSISTED LIVING PROGRAM (HCALP)

ATTENTION
The Minnesota Department of Health (MDH) Health Regulation Division (HRD) has temporarily modified certain requirements related to licensing activities for the Home Care and Assisted Living Program (HCALP) during the COVID-19 emergency.

These modifications:
- Suspend all new applications and in-progress applications for temporary home care licenses.
- Extend licenses of providers who currently have a comprehensive or basic home care license in good standing and allow renewal at a later time.
- Extend existing temporary home care licenses as needed to allow for an initial full survey for providers who have submitted a notice of providing services.

Requirements Being Modified
Emergency Executive Order 20-32 (PDF) (https://www.leg.state.mn.us/archive/execorders/20-32.pdf) issued on April 8, 2020, allows the Commissioner of Health to temporarily delay, waive, or modify certain requirements so that providers can take necessary action to protect Minnesotans.

The following Minnesota Statutes related to state-licensed home care facilities are now modified:
- Chapter 144A, specifically:
  - 144A.472, subd. 3
  - 144A.473, subd. 1
  - 144A.473, subd. 2(b) and (e)

What HRD is Doing Differently
HCALP is:
- Not accepting initial applications for temporary home care licenses at this time.
- Suspending the processing of temporary home care license applications that are currently in progress. Applicants with pending applications will receive a letter outlining their options.
- Suspending the license renewal process and extending existing comprehensive and basic home care licenses in good standing through the COVID-19 Peace Time Emergency.
- Extending temporary licenses as needed to allow for an initial full survey following receipt of the notice of providing services.
Implementation Guidance

MDH supports healthcare facilities’ efforts to protect public health and offers the following guidance to assure safety during COVID-19-related restrictions.

Home care licensees or prospective applicants:

▪ Do not submit initial applications for temporary licenses, or renewal applications, to MDH until further notice.

▪ If you have a pending application, watch your email for notice regarding the status of your application and consider the options that are outlined.

▪ If you have an active temporary license, you must submit a notice of providing services to HCALP within five days of beginning the provision of home care services (Minn. Stat. §144A.473, subd. 2(c)). Your temporary license will then be extended until HCALP conducts an initial full survey.

Timeframe

This waiver will be for the period of the peacetime emergency and up to 60 days past the end of the emergency.

Situations Not Included in These Modifications

▪ Temporary licenses will not be extended unless HCALP receives a notice of providing services. The temporary license will expire if home care services are not provided during the one-year temporary license period (Minn. Stat. §144A.473, subd. 2).

▪ The Change of Ownership application process is unchanged (Minn. Stat. §144A.472, subd. 5). If you require an application for a Change of Ownership, please contact HCALP.

▪ HCALP will continue to accept Integrated License applications related to existing home care licenses.

▪ HCALP will continue to accept HMR applications.

Questions?

For additional information, please email the Home Care and Assisted Living Program at health.homecare@state.mn.us or visit the HCALP website (https://www.health.state.mn.us/facilities/regulation/homecare/index.html).
