Notice from Temporary Licensee of Providing Licensed Home Care Services

A temporary license is valid for up to 12 months from the effective date. During the temporary license year, the department will conduct an initial full survey of the temporary licensee and if the temporary licensee is in substantial compliance with home care laws, issue a license. If the temporary licensee does not provide licensed home care services during the 12-month period, no survey is conducted and the temporary license will expire.

Temporary licensees must notify the department within five days of providing licensed home care services to their first client.* Failure to notify MDH within five days will result in a $1,000 fine.**

Provider Doing Business as Name: __________________________________________________
