Application for Licensure
COMPREHENSIVE HOME CARE

General Instructions

This application is for individuals and organizations seeking initial approval to operate as a temporary licensed comprehensive home care provider.

Statute references (with links to the Revisor's website) occur throughout this application (e.g., 144A.472). Click on the link and scroll to the noted subdivision for information about the specific requirement(s). If you are working from a printed document, you can search the statute reference at the Office of the Revisor of Statutes (https://www.revisor.mn.gov/).

Licensure Requirements

Under Minnesota law, a home care provider is defined as an individual, organization, association, corporation, unit of government, or other entity that is regularly engaged in delivering at least one home care service directly in a client's home for a fee (Minn. Stat. § 144A.43, Subd. 4). To maintain a Basic or Comprehensive Home Care license through the Minnesota Department of Health (MDH), providers must meet this definition by delivering qualifying home care services—as described in Minn. Stat. § 144A.471, Subdivisions 6 and 7—to at least one client, for a fee, during each 12-month license period.

If you have questions about whether your services align with MDH home care licensing requirements, we encourage you to contact us at Health.homecare@state.mn.us or 651-201-4200, before submitting an application.

Submitting the Application and Attachments

Applicants must upload the application and required attachments to the MDH application portal: Facility and Provider Licensing System (https://hrdlicensing.web.health.state.mn.us/#).

If you are also submitting an Integrated License, Home and Community-Based Services (HCBS) Designation, you have the option to submit that application and relevant supporting documents at the same time as the comprehensive home care license. Please see the Integrated License application for additional information. Alternatively, you can submit the HCBS application at a later date.

Keep a copy of the application and attachments for your records.

Attachment Checklist

Applicants must upload all applicable attachments outlined below with an application, in the MDH application portal.

- ☐ Evidence of workers' compensation insurance coverage, if applicable.
- ☐ Evidence of liability insurance, if applicable.
- ☐ Federal tax identification number (FEIN) documentation (IRS form 147-C).
- ☐ From ownership section, Attachments A-E, as applicable based on ownership type and labeled in top right corner with letter shown in ownership section.
- ☐ Copy of the management agreement between the applicant and the entity providing management services, if applicable.
- ☐ Explanation of why the license was revoked, if applicable.
- ☐ Explanation of how this home care provider, if granted, will manage business differently than the license that was denied, if applicable.

Acknowledgment of Receipt of Application and Attachments

MDH will acknowledge receipt of the application in the MDH application portal. Incomplete or inaccurate applications may be rejected and will be sent back to the applicant (144A.472).

Fees

Once MDH determines it has all required application information, signatures, and attachments, MDH will contact the applicant to request payment of the application fee, in the MDH application portal.

Temporary Comprehensive Home Care License = $4,200.

Review Process

As part of the review process, additional information may be requested. If additional information is needed, MDH will contact you to request the additional information. Please answer all questions completely and accurately to avoid unnecessary delays. If your application is not filled out properly, required attachments are not submitted, or other issues prevent your application from being deemed complete, MDH will not ask for payment.

Finally, a thorough verification of the application will take place. The application is deemed complete when all documentation and background studies have been submitted and fully verified. MDH will notify and issue the appropriate home care license to successful applicants.

Ownership Information

State law requires that all applicants for home care licensure disclose the names, email and mailing addresses and telephone numbers of all owners and managerial officials, regardless of the nature of the entity applying for licensure. The purpose of this section is to collect information about the person(s) and/or entity responsible for the operation of this home care provider.

Business entities: List the name of the legal entity if you have formed a business. Generally, this means you are operating as a business corporation, nonprofit corporation, limited liability company, partnership, or government entity. Print the full legal entity name as it appears on file with the Minnesota Office of the Secretary of State. Do not abbreviate.

Individuals: List the name of the individual if you are operating as a sole proprietorship. This means that the business is owned and operated by an individual and there is no distinction between the owner and the business. Sole proprietorships must still register with the Minnesota Office of the Secretary of State to use an assumed name (or "doing business as" or DBA name), may have employees, and may obtain a federal tax ID from the Internal Revenue Service.

Note: The applicant/licensee must provide at least one home care service directly, meaning this service is either provided by the individual listed below (sole proprietorships) or the service is provided by an employee(s) of the legal entity/sole proprietor below. Services provided by contract are not direct services. Refer to 144A.471, Subd. 2 for information on "Determination of direct home care service".

Print the full legal entity name as it appears on file with the Minnesota Office of the Secretary of State https//mblsportal.sos.state.mn.us/Business/Search. Do not abbreviate. In the case of a sole proprietorship, print the full legal name of the owner.

Background Studies

All owners, managerial officials and the named RN or other licensed health professional on home care license applications must complete and pass background studies, as required by 144A.476, prior to MDH issuing a temporary license. Background studies are conducted by the Department of Human Services (DHS). Information about initiating background studies will be provided to applicants when MDH confirms receipt of the application.

After MDH issues a temporary license, providers must complete background studies for all individuals seeking employment, paid or volunteer, as required by 144.057. DHS will provide more information at that time.

Questions about background studies?

Contact DHS Background Studies (https://mn.gov/dhs/general-public/background-studies/) or 651-431-6620.

Workers' Compensation Insurance

State law requires that the commissioner of health withhold the license for the operation of a home care provider until the applicant presents acceptable evidence of compliance with workers' compensation requirements. **If the applicant has employees, it must have active workers' compensation insurance and the applicant must be listed as the insured entity.** An application for workers' compensation insurance is not acceptable as evidence of coverage. You will not be issued a license to operate as a home care provider unless acceptable evidence of compliance with 176.181 and 176.182 is presented with this application or you meet an exception from coverage. Applicants can find more information on the Department of Labor website: Workers' Compensation – Businesses (https//www.dli.mn.gov/business/workers-compensation-businesses).

Check the type of evidence of coverage that is included with this application.

☐ **Certificate of Workers' Compensation Insurance Coverage:** This document is supplied by an authorized workers' compensation carrier pursuant to Minnesota Statute 60A.06, Subd. 1(5b). The insurance must be in effect prior to the issuance of a license.

☐ **Self-Insured Workers' Compensation** (Including Attachment "A"): This type of coverage is generally held by large organizations. The certificate is issued from the commissioner of commerce permitting an organization to self-insure pursuant to Minnesota Statute 79A and Minnesota Rules Chapter 2780. Questions regarding self-insurance should be directed to Minnesota Department of Commerce Workers' Compensation (https://mn.gov/commerce/licensing/list/insurance/workers-compensation.jsp).

☐ **Self-Insured as a Government Entity:** Written confirmation from your third-party administrator or evidence of coverage from the Workers' Compensation Reinsurance Association (WCRA) allowing you to self-insure as a government entity/political subdivision pursuant to Minnesota Statute 176.181, Subd. 2. The reinsurance certificate must be renewed annually on a calendar year basis.

☐ **I do not have employees currently. If I hire employees, I will obtain workers' compensation insurance and notify MDH:** This option is only applicable if the home care provider does not have employees. "Employee" is defined in Minnesota Statute 176.011, subd. 9.
