Please provide a personal statement **no longer than 750 words** that includes the following:

- Reasons for wanting to participate in the preparatory program;
- Particular clinical challenges or areas for improvement that you believe this program will help you address;
- Unique health-related skills or experiences that you would bring to this program and/ or residency;
- Your professional hopes and aspirations following residency.

Submissions over 750 words will not be considered.

Please complete the following table that summarizes your previous testing. It is very important that you report all testing attempts. Formal documentation of each attempt must be submitted with your application.

Have you previously applied for a U.S residency training program?

Yes: If yes, please complete the following table for each attempt

Year Applied	Residency Program (i.e. medicine, pediatrics, ob/gyn, etc)	Were you interviewed? By how many programs?	Outcome

No:

Have you previously entered a U.S. residency training program?

Yes: No:

If yes, please provide information on the location, dates of training, whether successfully completed or not, and if not completed, why?

Please note that if you are accepted into the 2021-2022 BRIDGE program, and also apply for and then match for residency on March 18th, 2022, you will not be enrolled in the BRIDGE program and your spot will be given to someone on the wait list.
