

MnVFC Announcement

Date: September 3, 2026

To: MnVFC Providers

From: MnVFC Program

Re: **MnVFC COVID-19 Vaccine Ordering**

Please route to:

- Clinical supervisor
- Medical director
- Clinic manager
- Clinic staff
- Pharmacy
- Vaccine staff

In anticipation of COVID-19 vaccine products being added to the federal Vaccines for Children (VFC) contract, you can now submit requests for 2026-27 MnVFC COVID-19 products in the Minnesota Immunization Information Connection (MIIC). Submit your request by clicking “request special event vaccine” and selecting the event titled “2026-27 MnVFC COVID-19 Vaccines.” We don’t have a shipment timeline from Centers for Disease Control and Prevention (CDC) right now. We will ship vaccine as soon as it is available, and send another announcement when distribution begins.

Submit requests for doses you expect to need for a few weeks at a time. If you need more doses, you can submit additional requests. Review your MnVFC COVID-19 vaccines administered last year to help guide your ordering. You can access this data in MIIC using the [Doses Administered by Eligibility Report \(PDF\)](#) (www.health.state.mn.us/people/immunize/miic/train/dar.pdf).

We plan to transition MnVFC COVID-19 vaccine to the regular ordering form later this season, and we will communicate ahead of the transition.
