Re: Additional Doses of FluMist Available

Please route to:

- Clinical supervisor
- Medical director
- Clinic manager
- Clinic staff
- Pharmacy
- Vaccine staff

Due to the supplemental allocation we've received from the CDC this year, **we have a large amount of additional FluMist doses available for sites to order**. If you're able to use FluMist at your site for VFC-eligible children, we encourage you to place an order now. You can place an order at [2020-2021 MnVFC Pediatric Influenza Vaccine Ordering Form \(redcap.health.state.mn.us/redcap/surveys/?s=CLPXDCR8DM\)](https://redcap.health.state.mn.us/redcap/surveys/?s=CLPXDCR8DM).

Please note that the majority of these doses will expire in December and January. There will be a replacement program available to sites if you need doses in early January (more information will be provided in December).

This FluMist is available immediately. Any orders you place now will likely be shipped within two to three business days.
