

MnVFC Announcement

Date: October 24, 2024

To: MnVFC Providers

From: MnVFC Program

Re: **Nirsevimab Ordering Phase 2**

Please route to:

- Clinical supervisor
- Medical director
- Clinic manager
- Clinic staff
- Pharmacy
- Vaccine staff

The second phase of nirsevimab (Beyfortus) ordering via the Minnesota Vaccine for Children (MnVFC) program is available now.

How to order

Providers will place an order for the doses they expect to need in a special event in MIIC that will be open Thursday, Oct. 24 to Thursday, Oct. 31. The requests submitted to this ordering event should reflect the number of doses sites will need for November and December. You can access this event in MIIC's vaccine management section by clicking "request special vaccine event" then selecting the event titled "2024-2025 Nirsevimab Phase 2."

There will be additional opportunities to request this product after December to capture doses needed later in the season. Watch for more communications as the season progresses. If you realize you need more doses than you initially requested, you can submit additional, late requests for more doses at any time.

Visit our user guide for more information at [MIIC Provider User Guide: Special Event Vaccine Request \(PDF\)](https://www.health.state.mn.us/people/immunize/miic/train/specrequest.pdf) (www.health.state.mn.us/people/immunize/miic/train/specrequest.pdf).

The MnVFC program is interested in enrolling birthing hospitals for nirsevimab and hepatitis B vaccine. Information on enrollment is available at [How to Enroll in the MnVFC Program](https://www.health.state.mn.us/people/immunize/hcp/mnvfc/basics.html) (www.health.state.mn.us/people/immunize/hcp/mnvfc/basics.html). For the benefits of enrollment, visit [Birthing-Institutions-and-the-Vaccines-for-Children-Program_050124.pdf \(PDF\)](https://www.immunizationmanagers.org/content/uploads/2024/05/Birthing-Institutions-and-the-Vaccines-for-Children-Program_050124.pdf) (www.immunizationmanagers.org/content/uploads/2024/05/Birthing-Institutions-and-the-Vaccines-for-Children-Program_050124.pdf).
