

# 2019 UUAV Program Annual Report of Doses Administered to Adult Patients

## Uninsured and Underinsured Adult Vaccine (UUAV) Program

- Sites selected to administer MDH vaccine to uninsured and underinsured adults age 19 years and older must submit a report of the number of doses administered, **even if your site did not see eligible adults** during this reporting period.
- Orders may be held until providers have submitted this report.
- We prefer you complete the online version of this report which is available on the [UUAV webpage](http://www.health.state.mn.us/divs/idepc/immunize/adultvax/index.html) (www.health.state.mn.us/divs/idepc/immunize/adultvax/index.html). The paper version of this report can be emailed to [health.uuadultvax@state.mn.us](mailto:health.uuadultvax@state.mn.us) or mailed to the address below. The use of fax is discouraged.

UUAV Program  
 P.O Box 64975  
 St. Paul, MN 55164-0975

Note: Satellite sites don't need to complete this form. Parent sites will submit the report because they receive the vaccine on behalf of all sites. Satellite site's MnVFC PIN contains a letter (e.g., 00032A).

Site Information				
Site name:	Telephone number:		Reporting for:	
Person completing form:	MnVFC PIN:		<input type="checkbox"/> Oct. 1, 2017 - Sept. 30, 2018 (due Nov. 30, 2018)
