

Birth Record Amendment Packet

Any corrections or additions to a birth record require an amendment, when the changes happen after a birth certificate has been purchased OR after the child's first birthday, whichever comes first. Fill out the form below and provide supporting documents to request an amendment to a Minnesota birth record.

You may request amendments for the following information on the birth record:

Child's/subject's information

- First, middle, last name and name suffix (amending a full name requires court order)
- Date of birth
- Time of birth
- Plurality (i.e., single birth, twin birth, triplet)
- Sex
- Place of birth

Parent's information

- Names (first, middle, last, or name suffix – changing entire name requires court order)
- Names at birth (name before first marriage)
- Date of birth
- Place of birth

Format changes, such as requests for upper case/lower case letters are not valid amendment requests. Minnesota birth records print in all capital letters as a best practice set by U.S. vital records standards organizations.

List each item you want to amend on a separate line as shown below. In the right column, print how you want the item to show on the new certificate. The third page of the application has space for additional items to amend.

Parents	First name ROSE ANN	Middle name MARIE	Last name JONES	Last name before 1 st marriage JOHNSON
	First name OSCAR	Middle name BENJAMIN	Last name JONES	Last name before 1 st marriage JONES
What item(s) do you want to amend? List each item separately - see the instruction sheet		How do you want the information to show on the new certificate? See the instruction sheet		
Item to amend Mother's first name		Show on certificate as ROSEANNE		
Item to amend Mother's last name before first marriage		Show on certificate as JOHNSON		

Supporting documents

Amendments require supporting documentation.

You must send at least **one** supporting document to **add** missing information to a birth record.

You must send in at least **two** supporting documents to **change** information on a birth record.

Each document must:

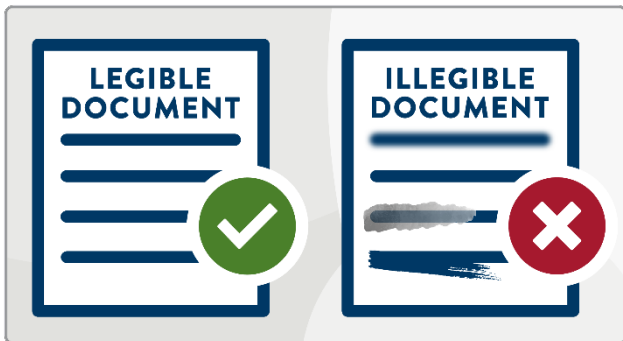

1. Show the item you want to add or change *exactly as you want it to appear on the new birth certificate*, AND

2. Show at least two items that match what is on the birth certificate already *that you are not asking to have changed*.

Documents need to show at least two items from this list:

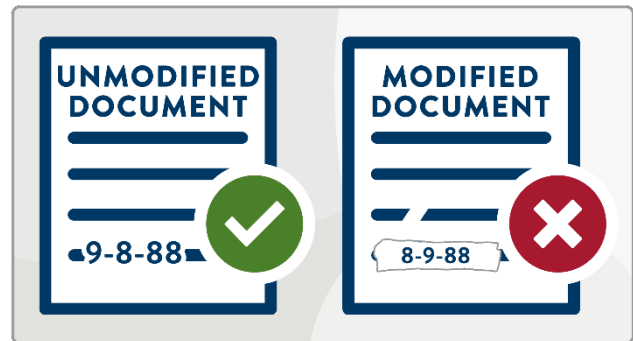

- subject's last name
- subject's date of birth
- subject's place of birth
- a parent's name
- a parent's date of birth
- a parent's place of birth

Documents must be:

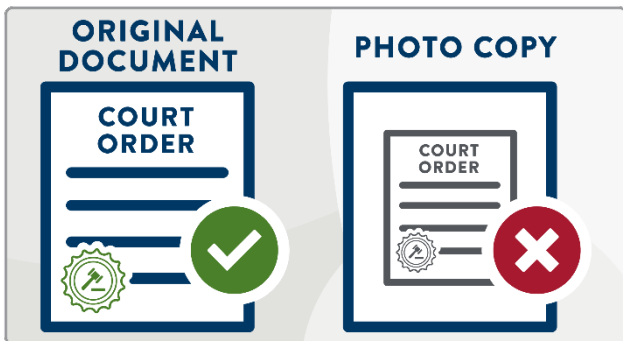

Legible

We can make out the letters and words; the document is sharp – not blurred or smeared.

Unmodified

Documents cannot have erasures or text crossed out. The text must not be covered by correction tape, stickers, or blackouts.

Original

You must provide original documents, not copies or digital images. For instance, we need a real passport or certificate of naturalization, not a photocopy. We return all original documents to you when we complete the amendment

In English

All documents must be in English or translated into English. Any translation must be performed by a qualified translator who then signs the translation in front of a notary public.

Certified or Authenticated

Your documents must be either certified or authenticated. Certified documents — such as birth, death, and marriage certificates; passports; military discharge forms; and court orders — may be printed on special paper or have stamps or seals on them. Other documents, such as school, medical, or social services records, must be authenticated. That means an employee from the place giving you the copy declares in writing that the document is a true and exact copy of the record on file. At minimum, the document must list the name and address of the organization, and an employee of the organization must sign and date it.

Supporting document dates

Supporting documents for birth record amendments must be established at specific times based on the age of the subject:

- **Subject is younger than seven years old:** The document(s) must have been established in the subject's first year of life OR at least one year before you signed the amendment request form.
- **Subject is seven or more years old:** The document(s) must have been established before the subject's third birthday OR at least seven years before the date you signed the amendment request form.

The date a document was established is the date it was first created. A document may have several dates on it, but the date it was established is the important one. For medical, social services, or school records, we need to see the date when the record subject began attending or receiving services from the organization. On marriage, birth, and baptism certificates, we look for the date the event took place. For a passport, the relevant date is when the passport was first issued. (If the first passport you were issued has expired, you may need to submit it in addition to your current, unexpired passport.)

Acceptable supporting documents

The Office of Vital Records accepts the document listed below and may determine other documents are acceptable. Documents must meet all the requirements above and support the requested amendment.

- Authenticated U.S. K-12 school record, or official college transcript
- Authenticated hospital, clinic, or social services record
- Valid (unexpired) passport – **NOT** a notarized photocopy
- Original or certified copy of U.S. military discharge papers (such as a DD214 form)

- Certified (government issued) copy of a marriage certificate
- Certified court orders from a U.S. court that:
 - Show the subject's name and date of birth as they currently appear on the birth record
 - Clearly specify which items to amend on the birth record (if amending information other than the subject's name)
- Certified copy of a birth certificate of a child
- Certified copy of a birth certificate of a parent or sibling (only to amend parent information)
- U.S. baptism certificate or other church record and the church's phone number (to verify record)
- Original or certified copy of a Certificate of Naturalization AND certified Petition for Name Change
- Official tribal enrollment record
- Numident record (<https://secure.ssa.gov/poms.nsf/lnx/0203325025>) from the U.S. Social Security Administration

 - References the subject's name and date of birth on the current birth record and,
 - Certifies that the subject has had "appropriate clinical" treatment for gender transition.

OR

- **A certified copy of a court order that specifically directs amendment of the subject's sex on the birth record.**

Changing parent names on record

A court order is required to change the full name of a parent on a subject's birth record. The court order must:

- Spell out the parent's name(s) before and after the name change, and
- Direct the Office of Vital Records to change the parents' names on the child's birth record.

A court order to change the parents' names on *multiple* birth records must list each child's name.
