

Beds per 1000 for Populations over 65 and 85, by County and Contiguous County Groups

MAY 2023

The following data has been compiled by the Minnesota Department of Human Services (DHS) utilizing data from the Minnesota Department of Health (MDH) [Health Care Provider Directory database \(https://www.health.state.mn.us/facilities/regulation/directory/providerselect.html\)](https://www.health.state.mn.us/facilities/regulation/directory/providerselect.html) in May 2023. Population data is from 2020 US Census, released May 25, 2023.

Facilities were ranked, with a rank of 1 having the most beds. Contiguous counties are defined as a cluster of counties sharing at least a partial border.

Beds per 1000 (BPT) for populations 65+ and 85+ by county
